RECORD OF THE

SHIPLAKE COLLEGE BOAT CLUB.

(formerly Shiplake Court } Boat Club.
then Shiplake School }

Distances at Shiplake: (approx): -

Upstream end of Doble's boat-house to upstream end of
our landing stage: - 80 yards

Upstr. end of stage to downstr. end of island (opp. Shiplake) 400 "

Downstr. end of island to big poplar tree on Oxon bank: 300 "

Big poplar tree to gate near willow tree 120

Total distance along bank: - 900 yds.

(Straight, river distance = approx 850 yds.)

Early
History.

1962. Serious rowing, with a view to competing in regattas, began in the summer term, 1962. Summer Term. 6 crews were coached ^{each day} in old, heavy, side-seater clincher fours*, by Mr. E. M. HALL, ^(of Schorn + Leander Boat Clubs) at Henley, for the first two months of term, whilst Colonel TRAVERS and Father TIDMARSH coped with the remaining oarsmen and coxes at Shiplake. [* For some of the time, we also had the use of a comparatively new, centre-seated boat, through the courtesy of the Henley Rowing Club.] Shortage and age of equipment were great handicaps, but the Senior and Junior Crews gave good accounts of themselves at

Reading Clinker Regatta, Camel College Regatta and an Upper Thames Schools League Regatta at Reading. Although not victorious - except in one heat - they raced hard.

	<u>Str.</u>	<u>3</u>	<u>2</u>	<u>Bow</u>	<u>Cox.</u>
<u>Crews:-</u>	<u>Sen:</u> Shingler. Buchanan Osborne (J) Pepper. Sheridan				
	<u>Jun:</u> Crowder (G). Coulton. Eaton. ^{Crowder (M.)} Matthews Matthews.				

The House Rowing was keenly contested, on an aggregate time basis, each house rowing twice against each of the other two houses, swapping boats, and both senior and junior events were won by BURR House.

Aug/Sept
1962

The New Boat House, designed by Mr. E.M. Hall in consultation with Mr. W. Cook, Boatman of Cander Club, was put up by Kidby Brothers of Reading, at a cost of £650, including concrete floor.

The Captain of Boats was R.M. SHINGLER.

·X A landing/launching stage was constructed (before the new boat house) at a cost of \$45.

1962
Michaelmas
Term.

A few outings were arranged, but the competing claims of rugby and other activities made it impossible to pursue a continuous rowing programme. We welcomed the addition to the teaching and coaching staff of Mr. M.D. DUNCAN, formerly of the Boat Clubs of St. Edward's School, Oxford, & Trin. Coll. Dublin).

1963.
 Lent
Term.

A almost no rowing - owing to other activities (including hockey) and the abnormally dreadful weather (the "big freeze").

A good, though heavy, second-hand clinber four was bought from Staines Rowing Club for £50.

Summer
Term

VIKING I, the new clinber four by Geo. Sims of Putney, arrived on the second day of term and boosted morale considerably. It was destined to have great success in regattas. (Cost: - £250.)

A TUB-PAIR, in fairly good condition, was bought from Trinity College, Oxford, for £30, and 12 serviceable second-hand oars from Mr. Jack Aslett of Henley.

25/5/63

WALLINGFORD REGATTA.

The Junior Crew (Crowder M., Eaton, Tucker, Crowder G. (str) & Matthews M. (cox)) were entered for the Schoolboy Fours (Under 16). They

4
won their 1st heat, against Abingdon School "A", by $\frac{3}{4}$ length in 3 min. 38 sec., but lost in the 2nd heat to Royal Grammar Sch. Worcester, who reached the final but lost to Windsor Grammar School.

The SENIOR CREW (Walker, Osborne, Coulton, Shingler + Sheridan, cox) were entered for the Maiden Fours. They raced well, but lost by $\frac{1}{2}$ length to Marlow Rowing Club in 3 min. 32 secs.

Crew Change: After Wallingford, Eaton had to withdraw from the Junior Crew - being just over age for Reading Clinkers Regatta - and his place was taken by HAWKINS.

28/5/64 Both crews were taken to Reading, and for practising, by Mr. Hall + Mr. Duncan, 30/5/64 where they boated from Reading University Boat House. Both crews had long & useful outings, ending with trial courses.

1.6.63. READING CLINKER REGATTA:

SENIOR CREW, in Maiden Fours, were drawn against Windsor Grammar School and Reading Blue Coat School. In a stiff head-wind, they had a poor start and lost $\frac{3}{4}$ length to both the other crews in the first 10 strokes. They then overhauled the Blue Coat crew, beating them "easily", but could not catch Windsor G.S. who won in the fast time (for the conditions) of 4 min. 23 sec.

JUNIOR CREW, in Jun. School Fours, were drawn against King's Sch., Gloucester, and Monkton Combe School. The schools crews were ~~drift~~ drifting, when started, Monkton being $\frac{1}{2}$ length up. Shiplake raced tenaciously, and lost by only a canvas, beating King's "easily", in 3m. 5s. - by far the fastest time for the event, in which 15 crews took part. (Monkton went on to win the final.)

[We raced in borrowed, "Committee" boats].

After Reading Regatta, Eaton replaced Osborne J. as No. 2. in the 1st Crew.

29th June.
1963

PANGBOURNE and WHITCHURCH REGATTA:

Viking I was taken to and used in the regatta, and a second senior crew was entered, consisting of:- ^{Culme} ~~Dorman~~, Phillips, Dorman, Turner (str.) Johnson (cox.) - called "B" crew.

RESULTS:-

"A" Crew, beat: Henley Rowing Club.

Pangbourne Rowing Club.

Strode's School.

lost, in semi-final, to ^{Abingdon R.C.} ~~Windsor G.S.~~
by $\frac{3}{4}$ l. (~~Windsor~~ won final by $1\frac{1}{2}$ l.)
Abingdon

"B" Crew, beat: Oratory School.

Reading Rowing Club.

lost in semi-final to Windsor G.S.

Junior Crew, beat: Great Marlow School

Wellington College

lost in semi-final by $\frac{1}{2}$ l. to Beaumont Coll.
(who won the event.)

This was a very encouraging regatta from our point of view, and people in the local rowing world began to take serious note of us.

July 9/10th
1963.

HOUSE ROWING: Jun. Course: Poplar tree to landing stage.
Sen. Course: "Willow gate"

Jun - won by ^{EVERITT} BURR (Best time: 2.48 ~~$2.49\frac{1}{2}$~~ .)

Sen - " " BURR (" " : 3.4 .)

(rowed in old side-seater boats, "canvas" + "non-canvas".)

20/7/63

ECHAM REGATTA:

Senior School Fours:

"A" Crew: lost by $\frac{3}{4}$ l to Strode's School
in 2.57 (fastest time for the event).

[Strode's beat Beaumont in final in 2.58]
by 2 l.

Novice Fours:

"B" Crew: beat ~~St. George's College~~ Guildford R.C.
" Beaumont.

lost in final to Blue Coat School by a canvas
in 2.57 , fastest time of the day - in any event.

Jun. School Fours:

Jun. Crew beat: Tulse Hill "A".

St. George's College.
Beaumont.

lost in final by canvas to Tulse Hill "B" in
 2.59 (fastest time for this event.)

24/7/63 Colours were awarded as follows:-

1st Colours: Shingler, Coulton, Eaton, Walker,
Sheridan.

2nd " : Culme, Phillips, Duman, Turner,
Johnson.

Colts : Crowder M., Hawkins, Tucker,
Crowder G. Matthews M.

" UPPER THAMES SCHOOLS INVITATION Regatta
held at Carmel College, Wallingford.

SCHOOL (FIRST) FOURS:

A Crew: Beat Carmel

" Blue Coat.

lost in final to Windsor G.S.

B Crew: Beat Carmel.

lost to Blue Coat.

Colts Fours:

Team. Crew. beat Sir W. Borlase.

lost to Carmel.

AUGUST
1963.

The following volunteered to stay on, after the end of term, to row in Maidenhead Regatta and Henley Town + Visitors' Regatta:-

Crowder M., Hawkins, Coulton, Cradley, Warcup (cox).

Using - of necessity - a cumbersome borrowed boat, at Maidenhead, they were just beaten - in the 1st heat of the ^{JUNIOR} ~~Junior~~ Fours at Maidenhead Regatta by Shrewsbury School.

At HENLEY TOWN + V. Regatta, rowing in Viking I, they won two heats (beating 4 crews) to reach the final, which was won, after a close race, by Shrewsbury School.

SUMMARY FOR THE SEASON, 1963.

	<u>RACES</u>		<u>No. of Crews beaten:</u>
	<u>WON.</u>	<u>LOST.</u>	
A. Crew :	4.	5	
B. Crew :	5.	3.	
JUN. Crew :	8.	5

Shiplake Vikings:	2	2	4
	<u>19</u>	<u>15.</u>	<u>27</u>

Michaelmas
+ 1963
Leat Term
1964

Weather and adjustment of conflicting activities made some rowing and tubing possible, and coaching was concentrated on Marchant, Griffiths M., Lester and Eveleigh C., to try to bring them on as a new junior crew. This winter preparation paid dividends. (Early in 1964 a good second-hand 4, "Aladdin", was bought for £110 from Mr. J. Abell of Henley.)

A NEW BOAT:

Quotations were obtained from a number of firms, including Geo. Sims., but, either in point of time or expense - or both, none was satisfactory. So, on the advice of Mr. Page, Sec. of the Amateur Rowing Assoc., a boat was ordered from Radley & Sons, of Clapton, London. It arrived later than promised, but - on the morning of Founder's Day, June 6th, in fact. The varnished finish was not as good as Viking I, and £10 was kept back, from the purchase price, in consequence. Also, there seemed an unusually large amount of "play" between the slide-wheels and the runners. The seriousness of this, however, did not become apparent till later, as will be seen.

1964

11

SUMMER 1964 was a glorious one for the Boat Club: the weather was mainly fair, and the 1st Crew had a remarkable run of deserved success. [During this season, the 1st Crew used our first set of new oars, bought from Asling's.]

May 19th

Henley Grammar School challenged us, and we met them over a course of approx 1200 yards at Henley. All three of our crews were successful, the 1st crew winning by 20 seconds, the 2nd crew by 22 seconds, and the junior crew by 8 seconds.

May 23rd.

WALLINGFORD REGATTA
(rowed in "Committee" boats.)

Maiden Fours:

1st Crew - won 3 heats and FINAL.

2nd Crew - won 1st heat, lost 2nd by 3ft.

JUN. SCH. 4's:-

JUN. Crew won 2 heats, lost to final winners in 3rd.

[1st Crew now had to move up to Jun 4's. Class]

May
30th.READING CLINKER REGATTA.

JUNIOR FOURS: 1st Crew drew Stode's School in the 1st heat - the holders, in fact. We were one length down $\frac{3}{4}$ of the way over the course, then Shingler, our stroke, put in a storming burst which took our crew right past Stode's, to win in the fast time of 3m. 58s. - the fastest time of any of the *73 coxed fours taking part in the regatta. We went on to win the next heat and the final in similar fashion, winning the READING CHALLENGE Bowl, dating back to 1887. [5 crews were beaten in the process.]

(* One of these crews was the Eastbourne College Crew mentioned at page 25.)

NOVICE 4s.

2nd Crew had 2 heats: won 1, lost 1 - to the winners (Furnival) by 1 length. Beat 2 crews.

JUN. Crew: Lost in 1st heat, but beat 1 crew.

Reading
Chronicle

FOUR tired young men and an almost hoarse cox paddled past the winning post in the Reading Clinker Boat Regatta on Saturday to win the Novice Fours Division "B" event to the cheers of the crowd after what must have been one of the most gruelling races ever seen on the Thames at Reading.

The four oarsmen, McHugh, Lee, McCowan and Tappin and cox A. Inns, were representing Furnivall Sculling Club and met Hereford R.C. and Eastbourne College B.C. in the final of that fours' event.

And in a tremendous battle Furnivall and Hereford raced to a dead heat—the first of the day.

The two crews were ordered to race, immediately, over half the course to decide the winner and, first, Hereford cracked up under strain. Then Furnivall slowed, and two very tired crews passed the line—with Furnivall just in the lead.

Fitting end

This race was a fitting end to a "highly successful" day's racing, although, with no current or wind in favour of the oarsmen, times were comparatively slow.

Entries in the regatta were only eight short of the record set up in 1962 and this year it attracted crews from places all over the country, including Exeter, Cambridge, Southampton, Eastbourne and Durham.

But it was local crews who set the pace in the opening heats. In the second race of the day, a heat of the Junior Fours, Shiplake School, really in its infancy as a boat club, romped to an impressive win in three minutes 58 seconds.

By now the sun was shining brilliantly and the Thames was lined with rowing enthusiasts.

Other early heats were taken by Culham College, Reading University, Wallingford Grammar School, Radley College and Shiplake School again.

By 3.30 in the afternoon Purchase, of Wallingford, had reached the final of the Novice Sculls and Windsor Grammar School the final of the School Fours.

Nine finals

There were nine finals in all and only two crews retained the trophies they won last year—Monkton Combe School (Junior School Fours) and Molesey (Junior Clinker Eights).

The biggest win in the finals was

in the Novice Sculls event, where Purchase, of Wallingford, beat Cowland (Weybridge R.C.) and Barratt (Putney R.C.) by three lengths in a time of four minutes 49 seconds.

Another fine performance was that of Shiplake, who took the Junior Fours title, following up the club's success at Wallingford Regatta last week.

And it was Shiplake, fast becoming a forceful boat club, who put paid to any Stode's School hopes of retaining the Junior Fours title. The two crews met in an early heat and Shiplake romped to an easy win.

Mr. G. A. Winterton, headmaster of Ashmead School, presented the prizes at the regatta, which is now officially part of the big Reading Amateur Regatta.

FULL RESULTS

Novice Sculls: 1, Purchase (Wallingford), 4 min. 49 sec.; 2, Cowland (Weybridge); 3, Barratt (Putney). Distance: Three lengths.

School Fours: 1, Eastbourne College, 4 min. 1 sec.; 2, Tonbridge School; 3, Windsor Grammar School. Distance: A canvas.

Junior Shell Eights: 1, Imperial College, 3 min. 33 sec.; 2, Sir William Borlase's School; 3, Abingdon School. Distance: One length.

Junior Fours: 1, Shiplake School, 4 min. 5 sec.; 2, Hereford; 3, Gladstone Warwick. Distance: Half-length.

Junior Clinker Eights: 1, Molesey, 3 min. 40 sec.; 2, Radley College; 3, Reading University. Distance: Two-thirds-of-a-length.

Junior School Fours: 1, Monkton Combe School, 3 min. 3 sec.; 2, Royal Wanstead School; 3, Eastbourne College. Distance: Two lengths.

Novice Eights: 1, The King's School, Worcester, 3 min. 49 sec.; 2, Monkton Combe School; 3, Radley College. Distance: Half-length.

Novice Fours, Division "A": Weybridge, 4 min. 7 sec.; 2, Eastbourne College; 3, Reading University. Distance: Two lengths.

Novice Fours, Division "B": 1, Furnivall; 2, Hereford; 3, Eastbourne College (no time or distance taken).

Henley Standard

22/5/64

Rowing

Schools' Races

The competitive rowing season for two local schools, Henley Grammar and Shiplake Court, opened on Tuesday, May 19th, when three crews of coxed fours from each school met over a course of approximately 1,200 yards at Henley.

All three Shiplake crews were successful, the "A" crew winning by 20 seconds, the "B" crew by 22 seconds, and the junior crew by 8 seconds.

Both schools are entering crews for Wallingford Regatta next Saturday.

Rowing

Shiplake Court B.C.

The three crews of Shiplake School had a good day at Wallingford Regatta last Saturday. They had a total of nine races and won seven of them, the junior crew reached the semi-final of the junior school fours, and the "A" crew won the final of their division of the maiden fours.

All three crews are entered for Reading Clinker Regatta on Saturday.

Hockey

reachy, 5 and 3.

Rowing

Shiplake Court Win at Reading

The Shiplake School crew, which won the maiden fours event at Wallingford Regatta the previous week, went on to win the Reading Challenge Bowl for junior fours at Reading Clinker Regatta last Saturday. Their time in their heat against Stode's School was 3min. 58sec., the fastest time for any of the 73 coxed fours taking part in the regatta.

The crew, which plans to enter for the Public Schools Fours at Marlow Regatta, consists of: V. G. S. Durman (bow), C. F. Eaton, G. T. Coulton, R. M. Shingle (stroke) and M. J. Matthews (cox).

14
June 20th

After our good performance at Reading,
we felt that it would not be presumption
to enter for the Public Schools Fours
at MARLOW REGATTA.

In our practice row there, the evening
before the 1st day of the Regatta,
we were caught in a torrential
storm and, the next day, Shingler
— who had been making several
journeys to London during the previous
week, to take exams — had a
fairly severe cold. However, in the
1st round, we beat Wellington College
and the Royal Ly. School, High Wycombe,
comfortably. In the final we met
Tonbridge and our old rivals, Strode's,
who took an early lead which increased
to $\frac{3}{4}$ length. We then held them
and, towards the end, were going up
steadily, but Strode's just managed
to cross the line 2 feet ahead,
with Tonbridge well back, in 3rd place.
The time, 4 m. 46 secs, was the fastest
for this event in 17 years.

After this, we were determined to have

another go at Strode's, at Pangbourne & Whitchurch Regatta, in the Junior 4s which Strode's had won the previous year.

Henley
Strode's

D. Telegraph

FOR ROYAL

Rowing

Shiplake School Shine at Marlow

The final of the public schools fours at Marlow Regatta on Saturday was fought out between Strode's, Shiplake and Tonbridge. For Strode's and Shiplake it was in the nature of a return match, since Shiplake had defeated Strode's at Reading Regatta last month and Strode's were now set to reverse the verdict.

They took an early lead and, at the six-furlong mark, had three-quarters of a length over Shiplake, with Tonbridge lying third. Shingler, the Shiplake stroke, then put in a great finishing burst which took his crew up steadily, but they just failed to catch Strode's, who got home by two feet. The time, 4min. 46sec., was the fastest for this event in seventeen years, and it reflects particular credit on Shiplake, a small school which started rowing only three years ago.

They are coached by Mr. E. M. Hall, of Henley, a member of Leander and a former captain of Selwyn College Boat Club, Cambridge, and they are entering for Pangbourne and Whitchurch Regatta next Saturday when they hope to take friendly revenge against Strode's.

ROWING

Marlow regatta

Grand Challenge Cup.—Leander won by 1 length, 4m. 58s.; 2, Scottish Argonauts 3ft. over; 3, London R.C.

Senior Fours.—1, Sons of the Thames 1 length, 4m. 19s.; 2, Tideway Scullers.

Marlow Eights.—1, Eliot House (U.S.A.) 4 length, 4m. 7s.; 2, Thames R.C.

Schools Challenge Vase.—1, King's School, Canterbury, by 4ft, 4m. 7s.; 2, Shrewsbury School; 3, Eton.

Junior Race.—1, Fitzwilliam House, Cambridge, 1 length, 4m. 19s.; 2, Liverpool Victoria; 3, Radley College.

Town Challenge Cup (Fours).—1, Marlow, 14 lengths, 4m. 23s.; 2, Weybridge R.C.

Senior Coxed Fours.—1, Norwich Union, 4 lengths, 4m. 29s.; 2, Phillips Exeter Academy (U.S.A.); 3, Queen's University, Belfast.

Schools Challenge Cup (Fours).—1, Strodes School, 2ft. 4m. 46s.; 2, Shiplake School; 3, Tonbridge School.

Marlow Pairs.—1, Douglas-Mann and Rand (Leander) 2½ lengths, 4m. 40s.; 2, Unwin and Wait (Nottingham and Union).

Double Sculls.—1, Douglas-Mann and Rand (Leander) 2 lengths, 4s. 27s.; 2, MacDonald and Hutchinson (Hereford).

Senior Sculls.—1, Watkinson (New Zealand) 3ft. 4m. 44s.; 2, Kapica (Hereford).

Junior-Senior Sculls.—1, Croome (Royal Chester) 3½ lengths, 5m. 1s.; 2, Harris (Burway).

Junior Sculls.—1, Wormald (St Catherine's College, Cambridge) 2 lengths, 5m. 7s.; 2, Cooper (Hereford).

Senior Double Sculls.—S.C. Douglas-Mann and S.C. Rand (Leander) won by two lengths in 4m. 27s.

WOMEN'S A.R.C. (Barnes and ...)

Senior Fours.

June 24th

NATIONAL SCHOOLS REGATTA, PANGBOURNE

As our 1st 4 had entered for the P.S. 4s. at Marlow Regatta, we were obliged (by the rules) to enter our 2nd 4 for this Schools Regatta. We took over our Radley-built boat (Viking II), in which our 2nd crew

had been practising. There were only 3 other entries: Pangbourne Nautical College (2 crews) and Winchester. On their observed rowing form we should have beaten them but, on the 5th stroke of the start, our No. 3's wheels jumped over the wooden runners of the slide and jammed. He came off his seat and, as he tried to get back on, his ~~rowing~~ rowing shorts caught in the jammed wheels and he had to stop rowing.

Later - too late - the boat was inspected by the Nautical College boatman, brother of Mr. Padley who had built the boat, and he confirmed that the wheels had far too much "play". He adjusted them all, free of charge, but this was not adequate compensation for a lost race. The whole affair, painful as it was, is best forgotten.

June 27th

PANGBOURNE and WHITCHURCH REGATTA.JUNIOR FOURS:

1st Crew: was drawn against Weybridge R.C. in the 1st heat, whilst Strode's had a bye into the second round. We disposed of Weybridge convincingly and then met Strode's who went off fast and led for most of the course until Shingler produced his by now characteristic finishing burst which took our crew right past, to win by $1\frac{1}{2}$ lengths.

It was a similar story against Berkhamstead School ~~Weybridge~~ in the final. So we won the DOLPHIN CHALLENGE Bowl, and put up the fastest time of any of the 53 coxed fours entered for the regatta.

Novice Fours: In their first (and only) heat, our 2nd crew beat Wycliffe College, but lost to Windsor G.S., who won the event.

Junior School 4s: We beat Sir William Borlase but lost to Windsor G.S. - who won the event.

PANGBOURNE AND WHITCHURCH
REGATTA. - Jun. Eight: St. George's Coll.
bt Chesham Coll. 3ft. 5in. 57s. Maiden
Eight: Reading Univ. bt Chesham Coll.
3ft. 3in. 57s. Jun. Fours: Shingler School
bt Beckhamstead 3-41. 3m. 59s. Maiden
Fours: Windsor G.S. bt Kettering R.C. 11.
4m. 14s. School Fours: Windsor G.S. bt
Berkhamstead School 2ft. 4in. 3s. Under 16.
School Fours: Windsor G.S. bt Nuffield
Coll. 2ft. after dead heat. 2m. 22s. 50s.
Sculls: A. R. Taylor (Kettering R.C.) 5.
8s. Fours: Kettering R.C. 31. 3m. 6s.
Maiden Sculls: A. Yarrow (Pangbourne R.C.)
5. B. May (Guildford R.C.) 5m. 7s.

July 11th.

READING WORKING MEN'S REGATTA:

Conditions were rough, in the "Dreadnaught Reach", with a strong head-wind.

SCHOOL FOURS: 1st crew beat:-

St Clement Jane's School.
 Magdalene College " "
 Staveley School.
 Wellington College (in final).

Maiden 4's: 2nd crew beat:-

Reading Rowing Club.
 Pangbourne Rowing Club.
 City Orient " " "
 and lost to Maidenhead " " "

Junior School 4's. Junior Crew beat:-

Windsor G. S.
 Christopher Wren's School.
 Wandsworth " "
 Sutton " "
 Staveley " "

+ lost in final by $\frac{1}{2}$ l. to Royal Warendale.

[This indicates the steady improvement made by the Jun. Crew throughout the term & under the coaching of Mr. Duncan.]

Note:- "Times" cutting about this regatta is at page 28.

Several local successes in Working Men's Regatta

WITH dark clouds hanging ominously above, local crews beat off the strong challenge of London entries and clinched nine of the 11 events in the Reading Working Men's Regatta on Saturday.

And Wallingford, whose crew reached the semi-final of the Wyfold Cup at Henley, were the most successful club, winning the Senior Fours, Non-Status Pairs, Junior Sculls and Novice Sculls events.

Their win in the Senior Fours was a particularly fine performance. Ever since the war the Sandeman Bowl for this event has been won by London crews, but Wallingford, in fine form, raced to a two-lengths win to clinch it—over two London crews.

The weather forecast on Friday evening threatened to ruin the regatta, but despite those clouds it held clear and the event was one of the most successful ever held.

Crews were entered from all over Berkshire, London and the surrounding counties, and entries were higher than for many years.

Results:

Senior Fours: 1, Wallingford; 2, City/Orient; 3, Poplar and Blackwall. 2 lengths.

Junior Fours: 1, Falcon; 2, Weybridge. 1½ lengths.

Novice Fours: 1, Maidenhead; 2, Sutton School; 3, Wellington College. 1 length.

School Fours: 1, Shiplake; 2, Wellington. 2½ lengths.

Junior School Fours: 1, Royal Wanstead; 2, Shiplake; 3, Staveley. ½ length.

Girls: School Fours: 1, Southfields; 2, Gilliatt. Easily.

Non-Status Pairs: 1, Wallingford; 2, Crowland. Easily.

Local Pairs: 1, Reading Blue Coat School C.; 2, Reading Blue Coat School A. 3 lengths.

Junior Sculls: 1, J. C. Purchase (Wallingford); 2, P. T. Brett (Strode School); 3, A. Smith (Broxbourne). 3 lengths.

Novice Sculls: 1, C. C. Poyell (Wallingford G.S.); 2, S. Brown (Bradford-on-Avon); 3, Almand (City Orient). 2 lengths.

Local Sculls: 1, R. Thomas (Reading Boys' Club); 2, M. Chambers (Reading Boys' Club). 4 lengths.

SHIPLAKE SCHOOL pictured after their win in a heat of the Novice Fours.

Shiplake School, who are doing exceptionally well in regattas just recently, gained their first success of the day in the school fours. They raced home by five lengths to beat St. Clement Dane's School and Magdalene College School in their heat, and in the semi-final, won by three lengths from Staveley School. In the final, they beat Wellington College by two and half lengths.

The Shiplake crew also did well in the junior school fours, and finished second in the final to Royal Wanstead by half a length. They beat Windsor Grammar and Christopher Wren's School in the first heat, and then defeated Wandsworth and Sutton School C by two lengths to reach the final.

The Sutton A crew won their opening heat with Highbury School and Warwick (Chelsea) by two lengths, but were then beaten by Royal Wanstead, and their B boat lost in the first heat to Strode's.

The only other local entry, Reading School, also went out in the first heat, losing by one and a half lengths to Staveley.

July 13/14, 1964

HOUSE ROWING

22nd July.

UPPER THAMES SCHOOLS INVITATION
REGATTA.

[20 crews
competed.]

We organized this, at Shiplake, on a Wednesday afternoon. Nine schools sent crews, and some sent more than one. There were two divisions, Colts 4's and School 4's., and 24 races. The course was upstream, from just above "willow-tree gate" to the upstream end of our landing-stage - approx 830 yards.

School 4's:- Our first crew beat Wallingford G.S., Camel A, and Camel B., but lost by $\frac{1}{3}$ l. to Berkanstead (whom we had beaten at Pangbourne & Whitechurch Regatta) in the final. Possibly the short course did not favour us; or, possibly, we suffered from having had 3 previous races to Berkanstead's two.

Our second crew lost to Strode B.

Junior (Colts) Fours: Our Jun. Crew did very well, beating Blue

Coat School, Windsor Grammar School (who had beaten us at Pangb. + Whit.) and, in final, Royal Weymouth (who had beaten us at Reading W. M.).

The Regatta, as a whole, was a success, although, with only 6 boats in use, and two landing-stages - and interruptions from river traffic, we got rather behind with our time-table. The Thames Conservancy was very helpful, so was Mr. Doble who lent us a launch - and his son to drive it.

Henley Standard.

Photo

FIRST SCHOOLS' REGATTA AT SHIPLAKE

Paul Felix

For the first time the Upper Thames Schools' Invitation Regatta was held at Shiplake and the above picture shows the closing stages of a heat of the School Fours between the "B" crews of Shiplake College and Strode's School, who won but were defeated in a later race.

UPPER THAMES SCHOOLS' INVITATION REGATTA

SHIPLAKE COLLEGE CREW DEFEATED

Shiplake College's crew who have had successes at a number of regattas this year, the last being at the Reading Working Men's Regatta earlier this month, were beaten by a third of a length by Berkhamstead School at the Upper Thames Schools' Invitation Regatta which was held on a reach of the Thames at Shiplake on Wednesday.

This shock win came in the final of the school fours event and it was a surprise to say the least because Shiplake beat Wednesday's victors at Marlow and Pangbourne earlier this year. However, the college's crew, rowing as Shiplake "A" had rowed four races over the short course during the afternoon against Berkhamstead's three.

There was some exciting rowing and crews from eight schools, Berkhamstead, Reading, Blue Coat, Royal Wansstead, Sir William Borlase's, Strode's, Sutton, Wallingford Grammar and Windsor Grammar, together with two colleges, Shiplake and Carmel, entered, necessitating 24 races.

Most of the organisation of the regatta was in the hands of the staff and pupils of Shiplake College and it is the first time that the event has been held at Shiplake. Last year the regatta was held at Carmel College. However, the duties of starters, judges, umpires and timekeepers were shared between the staff of the various schools and colleges taking part. Those from Shiplake College were Mr. M. D. Duncan (starter), Lieut.-Col. W. H. G. Travers (judge) and Mr. E. M. Hall.

One of the best races of the afternoon was a heat of the school fours between the two colleges, Carmel "A" and Shiplake "A". Carmel led until near the finish, but Shiplake put on a spurt and went ahead to win by a third of a length. Earlier the same Shiplake crew beat Wallingford Grammar School by a narrow margin of half a length.

In the colts fours event Shiplake junior crew reached the final and defeated Windsor Grammar School by a quarter of a length.

Shiplake College with their first four and second four will be practising as an eight and will be entering for Maidenhead Regatta and Henley Town and Visitors' Regatta, although it is not yet known if they will enter as a four or an eight.

Later the presentation of prizes by Mr. J. D. Eggar, the Shiplake College headmaster, took place.

July -
August
1964.

The 1st & 2nd Crews volunteered to stay on, after the end of term, to row at Maidenhead Regatta and Henley Town & Visitors' Regatta. They proposed - and it was agreed - that they should combine as an VIII for Maidenhead Regatta. Marlow Rowing Club very kindly allowed us to borrow ~~an~~ a light eight for the Regatta, and Reading Club very kindly agreed that we could practise at Henley in one of their light eights. We had one practice at Marlow and ~~two~~ at Henley, ~~both~~ of which went reasonably well, and then Turner went down with ~~chicken pox~~ measles. We were able to replace him by Lester (stroke of 1st Crew) at 4 in the VIII, but Lester could not row at 2 in the 2nd Four at Henley Town & Visitors' Regatta on August Bank Holiday (Monday) as he was committed to row for Wallingford R.C. at Ross Regatta on that day. So we got Lyon, who had rowed in our 3rd 4 but who had had very little racing and no regatta experience.

Fri. 31/7 }
Sat 1/8 }

Maidenhead Regatta: On Friday morning, 31st July, we rowed the Marlow VIII down to Maidenhead.

I (E.M. Hall) followed in the "catamaran" & coaching craft used by and driven by the coach of "Pangbourne Nautics". It was an eventful voyage - particularly as the coaching craft rammed our rudder in the 1st lock, necessitating a return to Marlow Rowing Club for repair. On the way down, we kept up very well with the Nautics crew - which contained 4 of their Princess Elizabeth Cup Crew, and our boat ran well, with good balance.

At 8.15 pm. in the evening we raced Ominin in the Junior VIII s. They were a powerful, mature crew, and they had what was by common consent (see "Daily Telegraph" extract on opposite page) the more advantageous station. They led at once and beat us by $1\frac{3}{4}$ lengths though we never gave up fighting. We then went back into fours to prepare for

August 3rd
1964

HENLEY TOWN AND VISITORS REGATTA. (8 furlongs, upstream)

Junior 4s. 1st Crew:-

1st heat: beat Tonbridge School + Shrewsbury Sch.

2nd heat: ^{beat} Abingdon R.C. + Maidenhead R.C.

FINAL : ^{beat} ^{*}Quintin R.C., lost to ^{*}Eastbourne Coll.

^{*}This Quintin 4 was the stern 4 of the VIII who beat us at Maidenhead the following week, they won the Jun. 4s. at the Serpentine Regatta. (av. wt. 12 stone.)

* This was the Eastbourne College Crew, which did well in the Visitors' Cup at Henley Royal Regatta, 1964, winning a heat and then losing, by only $\frac{3}{4}$ l. to Lady Margaret B.C., Cambridge. In the final, we had the Bucks station, i.e. the side on which all the river traffic (on Bank Holiday) was plying up and down, causing considerable wash and disturbance whilst Eastbourne had the sheltered Berks side. This is a fact - not an excuse!

B. Telegraph

MARLOW MAKE USE OF DRAW

Marlow were fortunate to win THE DAILY TELEGRAPH Trophy for Thames Cup eights so easily at Maidenhead on Saturday. Stroked by M. A. Spracklen and made up largely of scullers and pair oarsmen they won their final against National Provincial Bank

But for the disparity between the Berks and Bucks stations, the Bank could have made a race of the final.

The new regatta course, now moved 100 yards downstream, gives the Berks station a bad deal. Not only does Berks have the outside of the first bend and a long row home in the straight with the worst of the stream, but the stake boats are even sited about 30ft in favour of Bucks.

Noice Fours: The 2nd crew, fighting gamely, were beaten in the 1st round by a Tonbridge School crew, and by a strong Monkton Combe School Crew, which won the event.

DAILY TELEGRAPH CUP: Thames Cup Eights: Marlow bt National Provincial Bank 41. 3min. 20sec.
JUNIOR SENIOR EIGHTS: Charnon BC bt Kingston RC 51. 3-23.
JUNIOR EIGHTS: Eton Vikings bt Hereford RC 211. 3-26.
SENIOR FOURS: Weybridge bt Argosien RC 211. 3-29.
JUNIOR SENIOR FOURS: Staines BC bt Kingston RC easily. 3-59.
JUNIOR FOURS: Eastbourne Coll BC bt Tonbridge Sch BC 1/2. 4-7.
SENIOR/JUNIOR PAIRS: Quintin BC A (E. Peters & J. Peters) bt Reading Univ. BC (I. W. Wilson & D. H. McCleery) 1/2. 4-14.
DOUBLE SCULLS: London RC (I. Johnson & A. Drodd) bt Marlow RC (C. N. Jackson & R. A. Markwell) easily. 3-48.
JUNIOR SENIOR SCULLS: R. G. Croome (R. Chester) bt C. J. Wagstaff (Reading RC) 51. 4-14.
JUNIOR SCULLS: M. J. Linnberg (Thames RC) bt C. H. R. Troup (London RC) 51. 4-15.

SUMMARY FOR 1964 (excluding the VIII)

	<u>Won.</u>	<u>Lost.</u>	<u>No. of Crews Beaten.</u>
1st Crew:	20.	3.	29.
2nd Crew:	4.	6.	7.
JUN. Crew:	8.	4.	12.
	<u>32.</u>	<u>13.</u>	<u>48.</u>

SPECIAL MENTION must be made of the remarkable record of the 1st Crew: They rowed in 7 regattas and reached the final 7 times, winning 4 ~~times~~ finals. They rowed in 23 races and won 20 of them. On the 3 occasions that they lost, the verdicts were: - 2 feet; $\frac{1}{3}$ length; 1 length.

On several occasions, they put up the fastest time of any coxed four in the regatta.

A very special mention must also be made of *R. M. SHINGLER. He stroked his crew with great judgment and determination. In this, his last season, counting the House Rowing, he stroked in 27 races and was defeated only 3 times: a very fine record indeed.

* He arranged a 25th anniversary re-union row for his crew in 1989. See the logbook for that year.

SCHOOL CREWS DO WELL

HENLEY TOWN LOOK FOR ANOTHER DATE

A glorious day and some splendid rowing. That was the general summing up of Henley Town and Visitors' Regatta yesterday. The sun shone throughout the racing and a large crowd was present. The 161 entries provided a programme of 82 races with three competitors in most of them.

There was one dead-heat, Liverpool Victoria and Marlow finishing level in the novice fours and Liverpool winning the re-row. It may be the last August Bank Holiday regatta, for next year when the Bank Holiday is moved to the end of the month, it will be after the rowing season has finished, so Henley Town will be looking for another date in the rowing calendar.

Hereford, who were runners-up in the junior eights at Maidenhead, lost the chance of appearing in yesterday's final, a crab right on the winning post enabling Winchester to get up and beat them by 3ft.

HELD OFF

School crews did well, Charon (Bryanston), Canford, Winchester, Shrewsbury, Carmel College, Monkton Combe, Ship-lake Court and Eastbourne all reaching various finals, and King's, Canterbury, and Tonbridge had scullers in the junior sculls final.

The final of the senior sculls was fought out between A. Kapica, who won at Gloucester on Saturday, P. R. Jennings, who had won at Kingston, Molesey and Staines, and C. M. Davies, who stroked Leander in the Grand at Henley this year. Kapica led from the start and he held off a late spurt by Jennings to win by half a length with Davies close behind.

SENIOR PAIRS.—Leander (S. Douglas-Mann and S. C. Rand), 1; Thames Tradesmen, 2; Quintin, 3. Easily in 4min. 49sec.

JUNIOR SENIOR SCULLS.—J. B. Wingfield (Henley), 1; N. Sweeney (Nottingham and Union), 2; R. W. Potter (Molesey), 3. 4 lengths in 5min. 7sec.

JUNIOR SCULLS.—C. H. Freeman (Canterbury Pilgrims), 1; S. W. Johnson (Twickenham), 2; F. T. Pinkerton (Tonbridge), 3. 3½ lengths in 5min. 21sec.

JUNIOR SENIOR FOURS.—Maidenhead, 1; Thames, 2; Carmel College, 3. 2 lengths in 4min. 41sec.

SCHOOL SCULLS.—N. R. Tumber (Winchester), 1; D. F. Earl (Norwich), 2; P. Wingfield (Radley), 3. 1 length in 5min. 16sec.

SENIOR SCULLS.—A. Kapica (Hereford), 1; P. R. Jennings (Twickenham), 2; C. M. Davies (Leander), 3. 1½ length in 5min. 8sec.

Junior Fours

(Foy Challenge Cup)

Heat 1.—Abingdon R.C., 1; Poplar, Blackwall and District "B", 2; easily: 5min. 8sec. Heat 2.—Shiplake Vikings, 1; Tonbridge Sch., 2; Shrewsbury Sch., 3; 1½; 5min. 5sec. Heat 3.—Quintin B.C., 1; Walbrook R.C., 2; St. Edward's Sch., 3; 2½; 5min. 4sec. Heat 4.—Putney Town R.C. "A", 1; Eton Excelsior R.C., 2; 3½; 5min. 18sec. Heat 5.—Eastbourne Coll., 1; Furnivall S.C., 2; Weybridge R.C., 3; 4½; 5min. 9sec. Heat 6.—Poplar, Blackwall and District R.C. "A", 1; Peterborough City R.C., 2; 1½; 5min. 25sec. Heat 7.—Quintin, 1; Midland Bank R.C., 2; Poplar "A", 3; 1½; 4min. 52sec. Heat 8.—Eastbourne, 1; Putney Town R.C. "B", 2; Putney "A", 3; 2½; 4min. 55sec. Heat 9.—Shiplake, 1; Abingdon, 2; Maidenhead R.C., 3; 1½; 4min. 58sec. Final.—Eastbourne (E. J. Boltjes, bow, R. C. Wade, J. C. Shawcross, R. J. Morgan-Jones, str., O. J. Anthony, cox), 1; Shiplake, 2; Quintin, 3; 1½; 4min. 55sec.

YOUTHFUL ENTRY

Schools out in force

The schools arrived in force. Not only were six out of the 15 entries for Senior Eights school crews in some guise, but a total of 150 school-boy oarsmen, coxes and scullers took part.

For this reason it is a pity that the regatta is unlikely to be held on August Bank Holiday again. Together with Maidenhead Regatta it makes a perfect summer picnic for end-of-season club oarsmen and schoolboys.

SENIOR EIGHTS.—Thames 1, Ousden 2, Glasgow Univ. & Argonauts 3, 1½; 4min.

JUNIOR SENIOR EIGHTS.—Charon 1, Kingston 2, Canford School 3, 2½; 4-14.

JUNIOR EIGHTS.—Shrewsbury School 1, Winchester Coll. 2, Nottingham & Union 3, 1½; 4-24.

SENIOR FOURS.—Staines 1, Sons of the Thames 2, London 3, 5ft 4-56.

JUNIOR SENIOR FOURS.—Maidenhead 1, Thames 2, Carmel Coll. 3, 2½; 4-31.

JUNIOR FOURS.—Eastbourne Coll. 1, Shiplake Vikings 2, Quintin 3, 1; 4-55.

NOVICE FOURS.—Monkton Blue Friars 1, Henley 2, Barclays Bk. 3, 2½; 5-7.

SENIOR PAIRS.—S. C. Douglas-Mann & S. D. Rand (Leander) 1, A. A. James & J. Beaumont (Thames Tradesmen) 2, J. Peters & E. Peters (Quintin) 3, easily, 4-49.

DOUBLE SCULLS.—S. C. Douglas-Mann & S. C. Rand (Leander), 1; A. Kapica & J. Hartland (Hereford), 2, 1½; 4-58.

SENIOR SCULLS.—Kapica, 1; P. Jennings (Twickenham), 2; C. M. Davies (Leander), 3, 1½; 5-8.

JUNIOR SENIOR SCULLS.—J. B. Wingfield (Henley), 1; M. Sweeney (Nottingham & Union), 2; R. W. Potter (Molesey), 3, 4½; 5-7.

JUNIOR SCULLS.—C. H. Freeman (Canterbury Pilgrims), 1; S. W. Johnson (Twickenham), 2; F. T. W. Pinkerton (Tonbridge School), 3, 5½; 5-23.

SCHOOLS SCULLS.—M. R. Tumber (Winchester Coll.), 1; D. F. Earl (Norwich Sch.), 2; P. Wingfield (Radley), 3, 1½; 5-16.

Eastbourne College recorded another success for the schools in the final of the junior fours, having a length to spare over Shiplake College Vikings, who relegated Quintin into third place.

TIMES. 13.7.64
**READING REGATTA
 SUCCESS**

Although they did not cater for eights in their programme, the Reading Working Men's Regatta received a magnificent entry of 134 for their races for fours, pairs and scullers on Saturday. They came mainly from the smaller clubs but they provided a full day's racing over the Dreadnought Reach and many close finishes.

Wallingford, whose crew reached the semi-final of the Wyfold Cup at Henley, was the most successful club, winning, as expected, the Sandeman Bowl for senior fours, the non-status pairs and the junior sculls. A Wallingford schoolboy was also successful in the novice sculls. In the senior fours Wallingford beat the Bradford-on-Avon A crew in their heat, and they also had the measure of City Orient and Poplar and Blackwall in the final. City Orient had beaten Gladstone Warwick and Poplar had removed the Bradford B crew and Thames Tradesmen.

CLOSE RACE

Fourteen crews took part in the junior fours, and the Falcon crew from Oxford eventually won the Archer Shield, beating Weybridge in the final after a close race.

Maidenhead won the novice fours for which there were 24 entries, and Shiplake School, who have only recently taken up rowing, were successful in the schoolboys' fours and also runners-up in the junior school fours. Results:—

SENIOR FOURS.—Wallingford, 1; City Orient, 2; Poplar and Blackwall, 3. 2 lengths.

JUNIOR FOURS.—Falcon, 1; Weybridge, 2. 1½ lengths.

NOVICE FOURS.—Maidenhead, 1; Sutton School, 2; Wellington College, 3. 1 length.

SCHOOL FOURS.—Shiplake, 1; Wellington, 2. 2½ lengths.

JUNIOR SCHOOL FOURS.—Royal Wansstead, 1; Shiplake, 2; Staveley, 3. ½ length.

GIRLS SCHOOL FOURS.—Southfields, 1; Gilliat, 2. Easily.

NON-STATUS PAIRS.—Wallingford, 1; Crowland, 2. Easily.

LOCAL PAIRS.—Reading Blue Coat School C, 1; Reading Blue Coat School A, 2. 3 lengths.

JUNIOR SCULLS.—C. J. Purchase (Wallingford), 1; P. T. Brett (Strode School), 2; A. Smith (Broxbourne), 3. 1 length.

NOVICE SCULLS.—C. C. Poveil (Wallingford G.S.), 1; S. Brown (Bradford-on-Avon), 2; A. Almand (City Orient), 3. 2 lengths.

LOCAL SCULLS.—R. Thomas (Reading Boys' Club), 1; M. Chambers (Reading Boys' Club), 2. 4 lengths.

Paul Felice

Rowing

Henley Standard
Shiplake College's Record

The Shiplake College four which came second in the final of the junior fours at the Town and Visitors' Regatta on Monday, beating Quintin but losing to Eastbourne College, who took part in the Visitors' Cup at the Royal Regatta, took part in seven Thames regattas during the season, reaching the final on every occasion and winning their event four times. They rowed in 23 races, winning 20 of them. Their novice four on Monday had to include a late replacement as the regular No. 2 contracted measles four days earlier.

Some tubing and a few outings were arranged, when rugby and other diversions permitted — which was not often.

Lent Term 1965

Mr. Richard Green, formerly of Jesus College Boat Club, Oxford, joined the staff and helped with tubing and coaching — particularly of the potential junior crew. On the average, two outings a week were managed, with the following crews:—

"A" Matthers (cox) Lester (str.) Eveleigh C. Turner. Crowder M.

"B" Johnson. (cox) Griffiths M. (str.) Stephens. Lyon. Marchant.

"C" Hindmarsh (cox) Rellie (str.) Pidsley. Willcock. Hudson.

Jan. ~~Marcup~~ (cox) Sheriff (str.) Clayton. Mantel. Pyper.

At the end of February, an injury to Pidsley during hockey brought the outings of "C" Crew to an end.

On March 11th., "A" & "B" crews went to Oxford to row against two House Fours of St. Edward's School.

"A" Crew won by 9 seconds in 3 mins 52 secs.

"B" Crew won by 5 seconds in 3 mins 57 secs.

10 new gars
received from
Aylings.

1965. Summer Term.

Three potential school crews were selected:-

A Crew: Crowder M., Turner, Evelyn C., Lester (str)

M. Matthews (con)

Johnson (cox)

$$W_{\text{occup}}(\text{cox}).$$

A reserve crew was also selected:—

Hudson, Wilcock, Pidsley, Rellie (str) / Hindmarsh (con)

Coaches: A: M. Hall; B: M. Duncan; C: M. Green

Preparations began for Wallingford Regatta on May 22nd: a course of $4\frac{1}{4}$ furlongs, upstream.

Some times in practice rows were :-

A. Crew: 3m.19, 3m.17, 3.12 $\frac{1}{2}$, 3.10, and 3.7 $\frac{1}{2}$
(beating the B. crew on this last occasion by 3l.)

B. Crew:

Trun. Crev:

On May 16th Lyons had to stand down because of mumps, and Rellie took his place.

Boat Captain: John Turner (who later became a Governor of Shiplake College & as did Richard Lester).

Wallingford Regatta.

May 21/22

Owing to the large number of entries (173), some boats were rowed on Friday evening, 21st May. Our "B" crew were drawn on that evening against Cullham College in Division A of the Novice Fours, and our "A" crew against Reading University in Division B of that event. B crew won by $\frac{3}{4}$ l. in 3m. 23 s. and our A crew rowed over, after Reading University scratched.

On Saturday: B. crew beat Haileybury Coll. B. crew by $\frac{3}{4}$ l. in 3m. 23 s., also, in the next heat, Oratory School by 1 length in 3m. 19. In the semi-final they lost by $1\frac{1}{2}$ l. to Sutton School, who lost in the final by 2 feet to Pangbourne Nautical College.

The Jun. Crew got a bye into the second round, where they beat Henley G.S. easily. In the semi-final they lost by $1\frac{3}{4}$ l to Pangbourne Nautical College who won the final.

A Crew: beat Royal Grammar, High Wycombe, then Haileybury Coll. "A" by $1\frac{1}{2}$ l. in the time of 3m. 11. secs which broke the record for this event by 2 secs. (Conditions were fairly fast, with a gusty mainly following wind: but

we were the only crew, of the 36 entered for the Novice Fours, who did break the record.) In the next round, the semi-final, we had a hard race against Wallingford R.C. who had had 1 race fewer than ourselves on this day and who had, in their crew, three former members of St. Edwards, Off. B.C. (one of whom had been in a recent St. Edw. 1st VIII). We won by $\frac{1}{4}$ l. and, in the final, beat Barking R.C. by 1 length in 3m. 19 secs.

The crew showed good form throughout the regatta, and were ably and shrewdly stroked by R. Lester. The cox on Saturday was Warcup, since Matthews had been taken ill during Friday night. (He :: coxed A and Jun. Crews).

Summary of Wallingford Regatta

	<u>A Crew.</u>	<u>B Crew.</u>	<u>Jun. Crew.</u>	<u>TOTAL</u>
Races won:	5	3	1	9 ^{won}
Races lost:	0	1	1	2 ^{lost}
Total:	5	4	2	11
<u>No. of crews beaten:</u>	5	3	1	9.

34

Preparations for Reading Regatta:

Trial courses were rowed at Shiplake in 4.19, 4.17 + 4.12 by the "A" crew, and by the "B" crew in times approx $7\frac{1}{2}$ secs. slower. (approx 6 furlongs downstream.)

The Jun. crew also practiced for their shorter course (approx 4 f.)

On Thurs. May 27th A crew rowed Vik I to Reading. Jun. B. crew rowed Vik II to Sonning, + B. crew rowed it from there to Reading.

A crew rowed a course, giving B crew a length's start, and finished $1\frac{1}{2}$ lengths ahead in 4 m. $7\frac{1}{2}$ secs. - with a slight following wind.

The boats were kept at Reading Univ. Boat-House, by kind permission of Mr. Haslam, the Univ. boatman.

On Friday, the "A" crew had a light outing at Reading, but B. crew + Jun. crew could not do so, owing to Cadet Corps requirements.

Sat.
29/5/65

Jun. Sch. Fours. Our Jun. Crew were drawn against Ashmead School and Monkton Combe School in the first heat. We beat Ashmead easily, but lost by 1 l. to Monkton Combe. (The event was won by Reading Blue Coat School.)

Novice 4's. Div B. Our B. crew did well. They beat Reading Univ. in the 1st heat, and Univ. of Sussex and Tonbridge School in the second heat (semi-final). In the final they beat Thames Tradesmen R.C. but lost, by $1\frac{1}{4}$ l. to a strong Wallingford R.C. crew in 4 m. 12 secs after a hard race. (18 crews competed in this division).

Junior 4's. Our "A" crew had a bye into the second round, in which they beat Royal Agricultural College and Reading University (who had previously beaten Eton Excelsior + Weybridge R.C.). In the final they met Poplar + Blackwall "A" + "B" (* who had beaten Strode's School, our last year's rivals.). We rowed hard, in blustery wind-conditions (mainly head-wind) and were just not powerful enough for the two tough Tideway crews: the "A" beating us by about $1\frac{1}{2}$ lengths and the "B" by about $\frac{3}{4}$ l. in 4 m. 12 secs.

[Note: Poplar + Blackwall + Dist. R.C. was founded in 1845 and rows all the year round.]

Summary of Reading Regatta:

	<u>A.</u>	<u>B.</u>	<u>Jun</u>	<u>Total</u>	<u>No. of Crew beaten.</u>
Races Won:	1	2	0.	3 <i>Won</i>	By A: 2
Races lost:	<u>1</u>	<u>1</u>	<u>1.</u>	<u>3</u> <i>lost</i>	By B: 4
Total:	2	3	1	6	By Jun: 1
					<u>7</u>

After this regatta, the Jun. Crew underwent certain changes: Pyper went from bow to 2, and Hudson came in at bow, Mantel moving to C crew.

In the B. crew, Griffiths was rested as stroke, changing places with Rellie, but only for a few days.

Tues.
8th
June.

HENLEY GRAMMAR SCHOOL brought an "A" & a "B" crew to Shiplake.

We decided to row our B. crew against their A crew, and our Jun. Crew against their B crew, although the latter were much bigger than our juniors.

Results :-

Shiplake B won by 30 secs (approx 10 lengths)
Shiplake Jun. 10 .. (" 3 ")

The course was from 130 yards below the gate (Horse Rowing Start), near Shiplake Lock, to the upstream end of our landing stage, approx. yards.

MARLOW REGATTA.

37

June 19th.

We entered for the (Public) Schools Fours, in which event we had been runners-up in 1964. Strode School, last year's winners, were entered again, with two members of their winning crew still rowing for them. There were nine entries, altogether, including Torridge, Windsor Grammar School, Haileybury and Wellington.

In the first round we drew Strode and King Charles School, Kidderminster, who came with a reputation of four regatta wins already gained during the season.

We rowed at 10.30 am. on Sat. June 19th (Founders' Day), on the Berks station.

There was a brisk cross-wind, from the Bucks side. We had a rather poor start and lost ground, but made it up quite soon when we got into our stride. At the Church, all three crews were overlapping, but we were about $\frac{1}{2}$ length in front. It was a hard race from there, but we held on and gradually increased our lead to win by about 1 length in 5 m. 1 sec.

The final was rowed at 5.55 pm.

and the other finalists were Tonbridge and Royal Grammar School, High Wycombe. Again we had not a very good start but drew up and away fairly soon afterwards, winning by $1\frac{1}{4}$ lengths from Tonbridge, with R.G.S. High Wycombe a few feet behind Tonbridge. We were on the Bucks station and the time was 5.05. (Times generally were slower in the evening.)

This was a very fine achievement by a light crew (av. wt. about 10 stone 4 lbs), with a heavy (but clever!) cox - about $8\frac{1}{2}$ stone - and a young stroke (Lester, just over 16). The crew was keen, determined, and willing to learn: they did not quarrel or argue, and it was a pleasure to coach them. Their reward - and mine - was to win a much-coveted trophy, dating back to 1879, that had been won in the past by such long-established schools as King's, Canterbury, Winchester, Cheltenham and Monkton Combe, and which used to be competed for at Henley Royal Regatta.

THREE LOCAL CREWS WIN AT MARLOW

THERE were three local successes at Marlow Regatta last Saturday, and in face of such strong opposition, the winners are all to be congratulated.

Shiplake College, runners-up in the Schools' Cup for fours last year, went one better by winning the event.

In their first heat, **Shiplake** finished $1\frac{1}{2}$ lengths ahead of **King Charles I School**, **Kidderminster** and **Strode's School** (The holders) and then won

by the same margin in the final, against the **Royal Grammar School** (High Wycombe) and **Tonbridge School** in a time of 5 minutes.

Their steering in the final, however, was not good and they were lucky to escape disqualification for "interference."

The winning crew was **M. Crowder**, **J. Turner**, **C. Eveleigh**, **R. Lester** and **M. Matthews**.

Michael Muir-Smith, **Marlow's** Cambridge Blue, won the senior sculls. He was rowing in the colours of **Christ's College**, Cambridge and it was his first success in the senior class.

Eton Excelsior took the Town Cup fours for the first time since it was made a "coxless" race. They rowed extremely well throughout, and had to row five times to win the event.

In this event, **Reading University** received a bye through the preliminary round when **Thames "B"** withdrew, but they were beaten in the first round by **Isis "A"** by $1\frac{1}{4}$ lengths.

Marlow, who had won the trophy for the past two years, beat **Glasgow University** by $\frac{1}{2}$ lengths in their first heat, but lost by $\frac{1}{2}$ length to **NP Bank** in their second race, whilst **Maidenhead** fell to **Twickenham** by $1\frac{1}{2}$ lengths in their first heat.

Wallingford received a bye through the first round, and they beat **Jesus College "A"** in their next race by four lengths before being beaten by **Quintin** by $1\frac{1}{4}$ lengths.

Sir William Borlase's School won a heat of the junior eights when they beat **Thames** by three feet with **Abingdon School** in third place, but they lost in the semi-final to **Berkhamstead School** and **Bedford**. The latter had beaten **RMA (Sandhurst)** in their heat by $1\frac{1}{2}$ lengths.

Wallingford finished third in their heat of the coxed fours behind **Nautilus** and **St. Mark's School (USA)**, whilst the **Marlow** double, **R. Markwell** and **M. Spracklen**, again found the **Leander** pair, **N. Cooper** and **R. Carpmael**, too strong for them in the double sculls.

PANGBOURNE REGATTA

The annual Pangbourne Regatta takes place tomorrow (Saturday), and as usual, most of the local clubs have entered crews.

Both **Reading University** and the **Nautical College** will be rowing in the junior eights with **RMA Sandhurst**, and the University will also be taking part in the maiden eights.

Reading R.C., **Reading School** and **Shiplake** head the local entry for the maiden fours.

Racing begins at 10 am, and will go on until about 7 pm.

23rd June NATIONAL SCHOOLS REGATTA, Pangbourne.

No papers were received from Mr. Desmond Hill about this regatta, and so we were unaware that, unlike the previous year, a school's Marlow Four was not debarred from competing. So, by telephone, we entered our B crew. Twelve crews were entered for this fours event; there were three heats; first two in each heat to semi-finals; first two in each semi-final to final.

In the 1st heat, Becket School were 1st, we were 2nd, with King's Rochester 3rd & Winchester A 4th.

In the semi-final we were again 2nd, with Latymer Upper 1st and Carmel 3rd.

In the final, we were 4th, behind Becket (1st) Latymer (2nd) and St. Mungo's, Glasgow (3rd).

In reporting this event for the "Daily Telegraph", Desmond Hill seemed to imply that our crew was our winning crew at Marlow, for he wrote that "any one of the first three crews could have won at Marlow". A letter of remonstrance was sent to him, to which he replied that

he wrote "could" not "would", and that he did not say "this year"! Our reply to Mr. Hill questioned whether he could have seen every crew that had ever rowed in this event throughout its long history!

26th June

PANGBOURNE and WHITCHURCH REGATTA. —

A particularly memorable regatta for Ship Lake, all 3 of our crews reached the finals of their events, and two trophies were won — a third being lost by only a few feet.

The second crew, in Novice 4s., beat Haileyburg in the 1st heat, Marlow R.C. & Pangb. Naut. Coll. in the second, and Strode School & Wallingford R.C. in the final.

The Jun. crew, in the Under 17 School 4s, final beat Pangb. Naut. Coll., but lost by 4 ft. to Reading Blue Coat School. (In heats they beat Wellington Coll. & Magdalena Coll. School) In the School 4s, the 1st crew beat Sutton School and Wellington Coll., & then, in the final, met a 12 stone crew from the Abingdon School 1st VIII, whom they beat, in a fine race, by 3 feet.

KINGSTON WIN TWO EVENTS AT STAINES REGATTA

From Our Rowing Correspondent

Kingston, taking the junior-senior eights and junior sculls, were the only club to win two events at Staines Regatta on Saturday. Perhaps this was some consolation for the failure of their senior eight, which seems to have lost its pace unaccountably after a promising early season. They were left trailing by Upper Thames in their heat of the senior eights, and Upper Thames were later beaten decisively by London R.C. in the final.

Staines were fortunate in the weather, for the first drops of rain did not fall until the last race had begun. But conditions were bad for rowing, for there was a strong head wind and the water was uncomfortably rough. The committee had their worries, too, for their intended enclosure on the Surrey bank was levelled with a bulldozer a few days earlier, and turned into a morass by the heavy rain, so that they were forced to transfer at the last minute to the Middlesex side of the river, which offers virtually no view of the racing.

TOWN LINK

The regatta had an international flavour with entries from the Société Nautique de la Marne, who have a town link with Staines, and also from Minden and Mulheim, in Germany. Minden were put out of the junior fours by two feet by Shiplake Vikings, who went on to beat Staines by three-quarters of a length in the final. Mulheim also went out in an early heat. But Marne came through to a popular victory in the junior senior fours against Thames Tradesmen.

In the junior eights Kingston rowed a dead heat with Canford School, beating them by three-quarters of a length in the re-row, and then proceeded to dead-heat again with Weybridge in the final. This was too

much for them, and they lost the second re-row by three lengths, though this verdict seemed to be on the uncharitable side.

There was yet another dead-heat in the semi-final of the Staines Sculls, between P. Barry, the younger brother of W. L. Barry, the present amateur champion, and R. J. Harris. Barry did not seem to relish the re-row and was beaten by three-quarters of a length. Harris went on to win the final from J. A. Hamilton.

"Where have all the senior scullers gone?" might well be the theme song of the senior sculling since Henley. And the answer would presumably be that they have gone back to rowing, "long time ago". Certainly, it is a long time since we have had such poor entries for this class. One who has reaped the benefit is the veteran, M. A. Spracklen, who beat P. Jennings for the second week in succession on Saturday. Spracklen, of course, is an artist, and remembering how he came through the rough water on Lake Padarn to win the Empire Games double sculls title in 1958, it was no surprise to see him pull away from Jennings.

SENIOR EIGHTS.—London R.C. beat Upper Thames R.C. by $\frac{3}{4}$ length in 3min. 54sec.

STAINES EIGHTS (Senior Junior).—Kensington beat National Provincial Bank by $\frac{3}{4}$ length in 3min. 58sec.

JUNIOR-SENIOR EIGHTS.—Kingston beat Quintin by $\frac{1}{4}$ length in 4min. 5sec.

JUNIOR EIGHTS.—Weybridge beat Kingston by 3 lengths in 4min 8sec. after dead heat.

COLTS EIGHTS.—Bryanston School beat University College School by $1\frac{1}{2}$ lengths in 4 min. 8sec.

SENIOR FOURS.—Thames beat Weybridge by $1\frac{1}{4}$ lengths in 4min. 10sec.

STAINES FOURS (Senior-Junior).—Twickenham beat Maidenhead by 2 lengths in 4min. 20sec.

JUNIOR-SENIOR FOURS.—S.N. de la Marne beat Thames Tradesmen by $1\frac{1}{2}$ lengths in 4min. 22sec.

JUNIOR FOURS.—Shiplake Vikings beat Staines by $\frac{3}{4}$ length in 4min. 30sec.

PAIRS.—J. Peters and L. Bailey (Quintin) beat B. W. Richardson and P. R. Hilditch (London R.C.) easily in 4min. 38sec.

SENIOR SCULLS.—M. A. Spracklen (Marlow) beat P. R. Jennings (Twickenham) by 3 lengths in 4min. 45sec.

STAINES SCULLS.—R. J. Harris (Burway) beat J. A. Hamilton (London R.C.) by $\frac{1}{2}$ length in 4min. 47sec.

JUNIOR SCULLS.—G. Blight (Kingston) beat D. Webster (Emanuel School) by $1\frac{1}{4}$ lengths in 5min. 13sec.

See p. 48 for account
of this regatta.

10th July. READING WORKING-MEN'S REGATTA, (henceforth to be called "Reading Town Regatta".)

Because of the unusual stipulation regarding age limit for the Junior School Fours ("under 16 on 1st January 1965") we could not enter our Junior Crew for this regatta. So, instead, they entered for Egham Regatta (described below).

Our A + B crews rowed up to the Dreadnought Reach, between Sonning and Reading, where the Reading W.M. Regatta was held.

Our B. Crew entered for the Junior Fours, in which only two other crews had entered. They won comfortably, from Eton Excelsior, with Pangbourne Rowing Club third.

In the School Fours, our A crew beat Cokethorpe A and Cokethorpe B comfortably, and met Sir William Borlase's School in the final. This was the stern four of Sir W. Borlase's First VIII, a strong crew averaging about 12 stone, but our crew beat them by greater racing ability. We took it off at 42, settled to 40 and

did not drop below 38 at any point of the course. We won by $1\frac{1}{2}$ lengths.

It is interesting to recall that, in 1962, one of our crew made the adventurous journey to Louning and returned with a sense of triumph (and with news that they found white people living up there). - In 1965, our A crew rowed to the Drednought Reach (about 2 miles above Louning), won three races, then rowed back home.

10th July ECHAM REGATTA: Our Junior Crew had to borrow a boat for this regatta, since Viking I + Viking II were in use at Reading W.M. Regatta. They won their first race, against Beaumont, but lost by $\frac{1}{2}$ l in their second race to Windsor G.S.

July
13th/14th.

45.

HOUSE ROWING.

As there were now 4 houses, it was decided to have a "knock-out" competition, ie. semi-finals and finals. The races were rowed in Vik I. and Vik II. House Rowing Captains tossed before each race for choice of boat or station.

Semi-finals were rowed on 13th July, and finals on 14th July.

RESULTS :-

			<u>Distance</u>	<u>Time</u>
① <u>Semi-finals:</u>				
<u>SEN.</u> Shipwith	beat	Welsh	4½ l.	2.53.
Everett	beat	Burr	6 l.	2.41
<u>JUN.</u> Welsh	beat	Everett	¾ l.	2.41 (record)
Shipwith	"	Burr	3 l.	2.33 (shorter course)

② Finals:

<u>SEN.</u> Everett	beat	Shipwith.	4 l.	2m. 35s. (record)
<u>JUN.</u> Shipwith	beat	Welsh.	2 l.	2m. 34s.

Winning Crews :-

SEN. Everett: Matthews, Bellie, Stephens, Marchant, Crowder.
JUN. Shipwith: Tomlinson, Lester, Hudson, Sherriff, Mantel.

22nd July.

UPPER THAMES REGATTA:

This was arranged, "at the 11th hour", by Reading Blue Coat School. There was an event for "under 15 junior colts", so we got together, at short notice, a crew consisting of:-

Cox. Hindmarsh. Str. Griffiths. Everleigh B. Gray. Leigh-Pemberton.

We had to place our boats, Vik I + Vik II in the "pool". The regatta was poorly organized, with the convenor isolated at the start and very sketchy control of the course and of the boating arrangements.

In the "First Four" event, our B. crew was comfortably in the lead from Reading Blue Coat School, rowing in a heavy downpour which impaired visibility, when it collided with our own boat, Vik I, which was being rowed up the course by a Stode's crew, about 60 yards from the finish. Both boats were damaged, but Vik I less than the other boat. The race was awarded to us.

Whilst all this was going on, our A crew had been sitting at the start, waiting for Berkhamsted A crew.

Eventually, the ~~start~~ starter (and
convenor, Mr. Allen of R.B.S.) told our
A crew that they would be awarded
the race on a "row over". So they
rowed over, only to be told by the
"boats in-marshal" (Mr. Jackson of Sutton)
to go back to the start and row the
race since Berkhamsted A were now,
belatedly, on the water. Much

disconcerted by this - and probably by
the spectacle of the damage to Viking I
- our A crew lost by $\frac{3}{4}$ l, rowing
well below their usual form, over this very
short course. Our B. crew lost to Berkhamsted B by
 $\frac{1}{4}$ length, and Berkhamsted B. beat
Berkhamsted A in the final.

Our Junior Crew beat Camel, and -
but lost in the semi-final.

Our under-15 crew won two heats and
lost narrowly in the final.

(C.T.P. Eveleigh rowed from 21st July with a
hand quite badly cut in a Corps exercise.)

Since we "lost"
a race that we
were already
adjudged to
have won,
it seems logical
to regard it
as a nullity.

48.

24th July
1965.

STAINES REGATTA :

Mainly because Henley Town & Visitors' Regatta this year was fixed for August 7th, more than two weeks after the end of term, it was decided, reluctantly, to miss it and to enter, instead, for Staines Regatta. There was no School Fours event, so both A + B. crews entered for the Junior Fours which had a strong entry, of 19 crews, including two crews from Germany and one from France. Our B. crew drew the French crew, Societe Nautique de la Seine, Joinville, and lost by 1 length. (This French crew lost to Strode School who then lost to Staines) Our A crew beat Drummer in the 1st round by $2\frac{1}{2}$ l., + Midland Bank in the second round by 4 l. They then met, in the semi-final, the German crew from Minden : Ruderverein am Stath. Besselgymnasium, a strong-looking crew which had won their heats convincingly. We drew the less favourable station, the Middlesex one, which got less of the stream. The German crew led from the start and by half-way had almost a length and a half. We then began

steadily to reduce the lead. We were level 100 yards from the finish and moved in front to win by 3 feet: a truly tremendous race, in a gusty head/cross wind, that reflected great credit on our crew, and particularly ~~to~~ on Lester, the stroke.

The Germans seemed both surprised and impressed by our victory, and their coach gave us his name and address and said that they would like to bring a crew over to race us at Shiplake at Whitsum, 1966.

He is :- Oberstudienrat Erich Domeier.
495 Minden. Paulienstrasse. 1.

[For the "Times" Report of Staines Regatta, see p. 42.]

In the final, we beat the Home Club, Staines, in 4.36, by $\frac{3}{4}$ l., this time being the same as that for the race against the Germans, though the wind was a little less strong.

We had had 4 races between 2 pm. and 7.20 pm., the last three being within the space of two hours.

The prizes were presented by Mr. R.D. Burnell, and we celebrated with a dinner at Leander Club.

This, however, did not happen.

This crew had a 25th anniversary re-union at Shipley in 1990. See the log book for that year.

*

So ended a glorious season, in which all our crews performed creditably, though pride of place must unquestionably go to the A crew. They were light (under $10\frac{1}{2}$ stone average) but they were keen. They had an exceptionally fine stroke in R. Lester, and a shrewd, experienced cox in H. Matthews. They responded intelligently to coaching, they never quarrelled and they always ~~to~~ raced with tremendous spirit. They were a ~~first~~ fine example of the doctrine that a good crew is something more than the mere total of its component parts.

The Times obituary of Field-Marshal Sir William Robertson, C.I.C.S. 1915/17, stated:- "He was not a genius, except in Carlyle's definition ('an infinite capacity for taking pains'). ... What he did, any man or boy of ordinary attainments can do also, provided that he is willing to make the necessary sacrifices of immediate leisure and comfort." — It is probable

that several members of the Boat Club surprised themselves by what they were able to achieve when they really tried: the value of this discovery extends beyond the bounds of rowing.

~~For "Times" report of~~
E. M. Hall

I am now leaving Shiplake School and am handing over the rowing to Mr. Duncan.

E. M. Hall

Dec. 1965.

* R. Lester went on to many more rowing successes, including the C. row at H.R.R. in 1975 and a silver medal, as stroke of the British team, at the Montreal Olympics, 1976. He later became a Steward of H.R.R. and a Governor of Shiplake College.

SEASON'S SUMMARY OF TERMS ROWING. 1965.

Staines	4								
TOTALS:-	19	1	14	5	7	5	2	1	42.12

* finishing 2nd in heat to qualify for final.

Last Term 1966

The Boat Club was greatly reduced in numbers at the end of the Summer term: of the eighty we had only 45 were left and consequently it was a very young club from which to select 2 senior crews.

We welcomed Mr George Wright to the teaching staff in January so the coaching staff was back to 2.

Five crews were coached during the term.

Senior A	Senior B	Boys	Junior A	Junior B
Hudson	Marble	Freeligh B	Haycock	Kingstone
Piper	Papadimitron	Gray D	Bell	Piingle
Clayton	Cooper	Lane	Barnes	Docher
Hester	Harding	Griffiths	Spence	Newton C
Sutton P	Ledingham	Hidman	Goodall	K-Chanigan

The Senior A crew rowed four days a week and were able to consider rowing as their major sport. This was very valuable. Other crews had less frequent outings but there were on average 12 outings a week.

The Senior A crew took part in the Kingston Head of the River Race on March 5th. This was the first time Kingston Head was open to IX's & 14 Chiltern IX's took part - setting it after 62 VIII's & 2 Best IX's.

KINGSTON HEAD OF THE RIVER

- Although various other Heads exist the only ones in which fours could be entered were during the holidays.

None of the other fours had sufficient time to reach a racing standard - the CUs crew however were beginning to show promise.

Summer Term 1966

From last term's outings and a few at the beginning of this the following crews were selected for this term.

	<u>1st Crew</u>	<u>2nd Crew</u>	<u>CUs A.</u>	<u>CUs B.</u>
B	Hudson	Mantel	Everleigh B	Menikides
2	Pyper	Harding.	Gray D	Newton C
3	Clayton	Lane	Kingston	Cooper
Sts	Leuter	Papadimitriou.	Griffiths	Abraham
Cox.	Gullon P.	McChamington M.	Harrison	Heddingham.

At the end of last term we took possession of 7 second hand sculling boats bought from Radley. Two new fibre glass tub pairs were on order but were very late in delivery. It was therefore possible to increase the size of the club to about 100. This was 20 more than usual meaning a new intake of 55 boys!
(Sculls for total of £140 — tub pairs at £195 each)

May 12

1st & Cotts IV went to St Edwards for a training outing with their 2nd VIII. Before tea we had outings in IV's in which we were obviously much more at home. No genuine races were rowed but in 3 pieces of rowing with some doubtful starts we really had the best of it. After tea we had our first outing in a VIII (except for lester). In paddling & one short piece of rowing the crews were well matched. In a longer row the S.E.S 2nd VIII proved too strong for & pulled away to win by about 1 length in 2 minutes. All things considered this was most encouraging & a useful day's practice. One interesting feature of this day was the ease with which all members fitted into an VIII for the first time looking as if they were well used to it. (It is interesting to note that one crew contained 5 Cotts & 1 S/Cotts competing against a 2nd VIII this wasn't at all bad. This is the first time we have rowed against anything other than house crews at S.E.S.)

May 18

Cotts IV v. Henley Grammar School A Won 4 L. 4.47
2nd IV v. Henley Grammar School B Won 4 L. 4.46
(Rowed from Fanny to Finish)

For 3 members of the 2nd IV this was their first ever race. The experience was useful for all but the verdicts

were such as to make neither crew race to a finish.

May (20) - 21st

Wallingford Regatta.

CNto IV had a preliminary race on Friday evening. The school car broke down & we had to telephone of our plight to the Regatta. They postponed the race till we had been fetched but the crew ~~were~~ ^{was} unsettled & rowed a bad race. They made up a lot of ground in the 3rd minute but could not keep it up.

Neptune won by $\frac{3}{4}$ length in 24.18.

Neptune won two more races & were then beaten by the winners N.C.P.

2nd IV led N.C.P. for $\frac{2}{3}$ of the race but were at this stage very inexperienced & had not yet learnt how to get a rhythm capable of taking them over the whole course. N.C.P. won by 2 lengths in 4.09

May 28th

Reading (Junior) Regatta.

1st IV In their first competition of the term the crew were without racing experience but rowed hard losing to Abingdon Sch. in the fastest semi-final by a mere half-length. This was lost at the start and could not be caught back. The crew showed a considerable fighting spirit even at the early stage.

2nd IV racing in Novice (lightweight) IV's had a R.O. in first round. A disaster to 2's slide in the semi final let N.C.P go through. Unfortunate but not altogether surprising since none of this crew has much control yet.

Cole IV. St. Edwards' School have a v. good C.M. VIII this year of whom IV rowed in this event. They beat us by 2 lengths, between 8 & 12 second faster than other races.

June 4th

Walton Regatta

The 1st IV only, went to Walton to compete in the new Cadet IV's. Having had little trouble with Weybridge on Friday night we could not beat St. Georges "A" on the Sat. afternoon. They led us from the start and eventually won by 2 lengths. I think again it would have to say we were the 2nd crew in the event but of course you have to be first to win.

Oxford City Regatta

The 2nd IV and C.M. IV both competed here. 2nd IV really started racing. They beat ~~first~~ Falcon RC (11) and The Keep ($\frac{3}{4}$ l) in their first two rounds but were unable to contend in the $\frac{1}{4}$ final.

They came away feeling much happier after these two successes

CN 18. Drawn first against St. Edwards we were fortunate to have a R.O. instead. A very doubtful disqualification in the next round put us out after winning by at least $\frac{1}{2}$ lengths. We came away feeling a bit disgruntled as our times had been good. Umpires seem to be swayed by the loudest voices!

June 18th

Harlow Regatta 18th

Again slow starting followed by plenty of fight back. We won our first round v King's Coll. Sch and Henly. F.S. being half a length down at the half way stage. We will never be successful unless we can improve these starts as King's Coll. Sch were not very fast. Same sort of thing against Wellington v Berkhurst in the next round but we couldn't quite pull it off — lost by 4 ft. to Wellington. Wellington were nearest of 3 in the final. The event was won by Eastbourne over Ladbroke House — Eastbourne in particular were very big boys.

This event has taken on new proportions since last year, attracting 15 entries including some schools who had

been away from it for a year or two. (eg Becket, Berkhamsted, Latyne Upper, Eastbourne, etc).

June 22nd

National School's Regatta

1st round Having been lost at the halfway signal we pulled through to 2nd place behind Latyne, beating George Watson's and Reading Blue Coat. A slight misunderstanding of the repechage system made us hold back - otherwise we might have won this round. We were through to the next round - but up against two winning crews Eastbourne and Aberdeen. Time was much faster than other half of the draw. Eastbourne won final against Aberdeen by 1 foot - Latyne 2 1/2 lengths behind. King's Rochester were fourth by a further length. We were worth a place in the final here but missed it by a miscalculation. We have definitely improved our standing in this event - we were 4 lengths behind the winners last year, 2 1/2 lengths this year and the standard is rising.

June 7th v. Carmel & Berkhamsted at Carmel

1st IV 2nd IV 4th A & B IV's

Of the six races in which we took part we won

none but 4 of the verdicts were by less than half a canon (!) lack of knowledge of the course combined with little rest between races did not help us and the rowers looked rather taken unawares. However the CMs "B" in their first competition put up a very spirited performance. This was the first time Ship Lake has produced 4 representative crews.

June 25th Panytowne & Whitechurch
1st IV, 2nd IV, CMs A-B, IV's.

1st IV. After 2 excellent but close races the first crew succumbed to Wellington in the final by 2 lengths. This was a disappointment to them after their close verdict at Tharlaw. However the reaction it produced was one which was most encouraging - 'just wait till next year'.

2nd IV

In an extremely exciting semi final we were tied to Athington - the winners of the final. The lead changed hands 4 times in the last furlong between Athington, N.C. Panytowne & ourselves. The ~~final~~ verdict was by a few feet.

CNt IR's

The CNt B IR were beaten by N.C.P. "A", who were in turn beaten by our CNt A IR, who had already beaten Windsor Grammar School. The final was rowed under most appalling conditions of umpiring. There can be little doubt that the winners N.C.P. "B" were the slowest crew in this race, but Wellington & Shiplake were started with blades overlapping and were quite unable to row properly for at least a minute. By this time N.C.P. had built up a lead which was nearly pulled back in the last stages of the race. The umpire was quite unconcerned by the whole affair - it was the last race of the day and he obviously wanted to waste no more of his time!

9th July

Reading Town Regatta (formerly Reading Working Men's Regatta)

6 Members of the first 2 crews took part in Local Non Status Pairs (Clinker - coxed). They found this event distinctly harder work & more complicated than they had imagined it would be.

Clayton & Pyper put up a remarkably good performance to come 2nd in the final.

The crews were less successful than in the past 2 or 3 years but this was not surprising since:

- a) The 1st crew was competing often in events of higher standard than before.
- b) The 2 senior IX's contained 3 boys of Colts age caused by the large exeat of the previous year and bad planning of the lower part of the boat club.
- c) only 1 member of the 2nd IX had ever been coached, or had ever raced before this term — again, bad planning.

We must try in future to prevent such things occurring again.

Considering the fact that 3 Colts were already competing in higher crews a special mention should be made of the Colts crews who were both competing against competition more Colts IV. They were very windy on two occasions and were certainly the 2nd fastest crew on a third — and yet they were really only a Colts B crew. An excellent performance.

The Crews.

1st. Hudson	2d. Nantel	Colt A. Freckle B	Colt B. Newbide
Pynes	Hardy	Gray	Arman
Clayton	Lane	Kingston	Cooper
Lester (Capt)	Papad.	Griffiths	Newton C

Races; Rowed 36. Won 17 Lost 19

also in pairs Rowed 4 Won 1.

House Rowing

All boys not in school crews were organised under a house basis

Senior House Leagues IV's Winners Everett

Junior House Leagues IX's Winners Everett

Senior Sculling Piper beat Hodgson
(5 competitors)

Junior Sculling Shick beat Docker, Butler
(27 competitors)

House Rowing Competition

A new system was started with IV's, pairs and sculls. The rules for the new competition are as set out on next page but one. More than $\frac{2}{3}$ of those who row took part in this competition which is about double what it would have been with the IV's alone.

For the attention of the Games Committee

I wish to make some changes in the constitutions of the House Rowing. The reasons for these proposed changes are twofold:

- (a) We now have more boats and therefore more scope.
(b) To fit in more closely with the policy for School Rowing that G.W.W. and I have agreed, I should like to deal with the 2nd reason first. If, as we hope, the School is to acquire one or more Eights in the future, it is essential that we should be able to coach at least 2 Colts IVs each year so that there are enough boys with Open Regatta experience to fill a 1st VIII and possibly a Senior IV the next year. This in turn means that we need to be able to select 8 Colts out of 16 of the previous years' Juniors. The more racing and coaching they get as Juniors the better. To this end each House has at present a Junior League IV. It is not possible for us (G.W.W. and M.D.D.) to give these boys coaching at the moment, but if these Crews can be kept together for the House Rowing, we shall be able to do so for the fortnight after School Rowing stops (June 25th). I would therefore like to propose the following age limit: Seniors 15 or over on 1st September) of previous year
Juniors Under 15 on 1st September)

This has the added advantage of dividing the Boat Club almost exactly into 2 equal parts. This means that all Seniors and Colts will be classed as Seniors for House Rowing - if a House has a lot of School Rowers, there will be plenty of opportunity for them as there would be a IV's, pairs and sculls competition in each age group.

No boy should compete out of his age group and no boy should compete in more than one event / These latter statements do not apply to Coxes who may wish to scull as well in their own age group. If possible, Coxes should cox either IVs or pairs, but not both, or this will make it very difficult to fit races in without delays.

The Shields will be competed for on a Points system:

	IVs	Pairs	Sculls
1st	10 points	5 points	5 points
2nd	7	3	3
3rd	4	2	2
4th	2	1 point	1 point

The positions can easily be worked out by taking the time by which one Crew beats another rather than full time as weather conditions may make a big difference over the whole course, but will make very little difference over the short period taken by the 2nd Crew to finish the Course. Any Crew disqualified obtains no points. In the unlikely event of a tie, the House with the faster IV will be considered the winner

M.D.D. (14.6.66)

Examples of the Points System

Case 1 The finalists here are the two fastest crews: A } A (7 secs))
B } A (2 secs)
C } C (3 secs))
D }
1st A; 2nd C (2 secs.) (final); 3rd D (5 secs) (3 + 2);
4th B (7 secs) (1st round).

Case 2 One of the fastest crews being beaten in the 1st Round:
A } A (2 secs.) }
B } C (7 secs)
C } C (3 secs) }
D }
1st C; 2nd D (3 secs) (1st round); 3rd A (7 secs (final)
4th B (9 secs) (7 + 2)

M.D.D.

Summary of the points discussed

1. The first point is that the system is not a simple one. It is a complex one, and it is not clear what the basic principles are. It is not clear what the basic principles are, and it is not clear what the basic principles are.

2. The second point is that the system is not a simple one. It is a complex one, and it is not clear what the basic principles are. It is not clear what the basic principles are, and it is not clear what the basic principles are.

3. The third point is that the system is not a simple one. It is a complex one, and it is not clear what the basic principles are. It is not clear what the basic principles are, and it is not clear what the basic principles are.

4. The fourth point is that the system is not a simple one. It is a complex one, and it is not clear what the basic principles are. It is not clear what the basic principles are, and it is not clear what the basic principles are.

5. The fifth point is that the system is not a simple one. It is a complex one, and it is not clear what the basic principles are. It is not clear what the basic principles are, and it is not clear what the basic principles are.

Michaelmas Term 1966

A little tubbing and sculling was done on Tuesday afternoons but it was of little value. Its main purpose was to give the coaches an opportunity to see some of the boys with a view to investigating their availability and potential for the Lent term.

We welcome J. H. Drury to the coaching staff. He has come to take over Skipwith house & the History Dept from H. E. Wells-Turly — an excellent bargain from the rowing angle. After his brilliant successes with Emmanuel School he is taking a very well earned rest from the strain of regattas and will I hope be concentrating on the lower half of the club. This will be extremely valuable — with only 2 coaches it simply was not possible before.

During this term 2 boys did some filming (rowing) in the making of "Half a sixpence". A gift from the film company + the proceeds from a Christmas Draw gave us a gross of £500 with which sum in mind 2 shell sculling boats + skulls were ordered. A set of training weights was also bought. A gym bench and two old gym mats completed the initial "weights" outfit.

Leat Term 1966

3 Rowing Squads were active this term with a Total of about 40 boys. Exactly 8 seniors were available for rowing and about 15 CUs & 15 J/CUs.

The Seniors & CUs rowed 2 days/week in a Clinker VIII bought from St Edward's School for £125. This boat, built in 1954, is wide and stable but not very fast. The other two days/week were spent in Viking I & II (i.e. IV's). The J/CU squad used Aladdin, Viking III and the Clinker Smiling Boats.

The VIII boated from Upper Thames R.C. as at this juncture we have neither housing nor landing stage facilities for such a boat. During the latter part of this term Colonel W.H.C. Travers and a small squad of boys built a very fine landing stage for the VIII which will very considerably relieve congestion in the summer term. Despite high water during the term we were able to boat at all times with a little ingenuity.

Early in the term the CUs VIII went to St Edward's for an outing but at this stage found the standard of Teddip CUs VIII too much. It was suggested that another trip might be made when they would have a CU 2nd VIII on the water. This trip was made with the Seniors VIII on March 4th.

Actually this provided the C.M. VIII with no better competition as they had not yet started to beat a C.M. 2nd VIII. However the senior VIII had a good day being distinctly faster than S.E.S. 2nd VIII and having quite a good row for about 5 minutes with S.E.S. 1st VIII.

11th March

Kingston H. O. R. Race

1st & 2nd IV's.

1st IV finished 2nd (- 7th last year)

2nd IV finished 7th (- New entry)

Times were in general about $1\frac{1}{2}$ minutes faster than last year while the 1st crew ^{was faster} by nearly 3 minutes! The second IV were only 36 seconds slower than this. As this was the only race in which we took part last term it is the only reasonable indication of how the crews are shaping. It looks encouraging.

15 March

Reading School's H. O. R. Race

C.M. VIII

Rowed over the R.U.H.O.R. Race course the C.M. VIII rowed extremely well to finish 8th out of 15 entries. Although she had a long wait at the start it was much enjoyed - a good introduction to H.O.R. Racing.

The results: (see beneath Kingston Results, next page).

We were possibly the only crew rowing in
a Chinkin Boat.

18 March

Reading University H. O. R. Race

1st VIII

After a somewhat "gentlemanly" trial row two days before, the crew raced admirably on the day, finishing 88th out of 152 (The 8th Restricted VIII, the 20th School VIII, the 12th Novice VIII - But 1st School is a Restricted Boat). The Result suggests we might have been 2nd in the Schools had 3 days before had we entered.

Results →

22nd March

(Putney) School's H. O. R. Race

1st & 2nd VIII

We had to borrow a boat for this event and the 1st crew used the borrowed one. We finished 33rd and 98th. The 1st crew were 5th in the Cliche Division (mostly Eton CRTs) only 3 seconds behind the winners of that division who finished 23rd. We had hoped we might win this event. However our proximity to the actual winners indicates that we were at least aiming for the right target.

Summer Term 1967

April 29th

Our first fixture this term was the Pangbourne H.O.R. 4 days after the official start of the term. The prospective 1st IV arrived back several days early in order to make a good start and their efforts were well rewarded by the sharing with P.N.C. of the Schools Pennant.

ROWING
PANGBOURNE HEAD OF RIVER.—
Head Pennant and Best Boat Pennant :
London R.C. 9m 1s. Clinker Pennant :
Abingdon R.C. 9m 30s. Novice Pennant :
Thames Tradesmen, 9m 42s. Schools
Pennant : Nautical Coll and Shiplake
Coll. 8m 49s.

(Our 1st H.O.R. race success after ~~some~~ close things last term).

May 10th

Annual fixture v. Herby Grammar School at Shiplake

2nd IV v. H.G.S 1st IV won easily.

CM IV v H.G.S. CM 2nd won. 2l.

I'CM IV v. H.G.S I'CM 2nd won. 1l.

The only race of note was that of the Junior CMs who though led from the start maintained a steady and unflustered pace and gradually overhauled their opponents to win by 1 length. Herby borrowed our boats as usual but brought their own blades. They actually had a waste 7c in tow.

May 13th

Thames Ditton Regatta.

1st IV reached final of Cochet IV's, beating York City and Bedford Rowers. A very strong Chiswick IV won easily in the final.

2nd IV rowing as Juniors (as there was no Novice Event) had an excellent race against Horseferry who beat them over the last stages by $\frac{1}{2}$ length. They were by no means outclassed in this event.

May 16th

versus Berkhamsted at Shipley

1st IV v. Berkhamsted. 1st IV won by 4 l.

2nd IV v. Berkhamsted 2nd IV won by 1 l.

Cochet IV v. Berkhamsted Cochet IV lost by 2 l.

J' Cochet IV v. Berkhamsted J' Cochet IV won by 1 l.

1st IV rowed with difficulty — the Berkhamsted crew was badly depleted by injury.

2nd IV rowed an excellent finish to win from behind. Berkhamsted anticipated a Cochet win which they duly obtained showing a pace which made us look v. slow though the water.

J' Cochet IV again showed considerable control and was rowing well within themselves.

May 20th

Wallingford Regatta

1st VIII our first attempt at MW's mini - Regatta.

v. B.N.C. won Early

v. Henford won $2\frac{1}{2}$ l.

v. P.B. & Dist lost 2 l.

P.B. & Dist won final against N.C.P.

A remarkably good effort after but 2 outings in the VIII this term.

Colts II v. Reading School. won $2\frac{1}{2}$ l.

v. NCP "B". lost $2\frac{1}{2}$ l.

N.C.P. won final v. Bel. Rod. Sch.

This crew is beginning to show signs of coming together well.

May 27

Reading Junior Regatta.

1st IV School II lost to Wellington who won final.
(we were to meet Wellington after).

2nd IV After an excellent start the crews allowed
Kesteven to go straight past them in the third
minute and should not fight at all. Kesteven won final.

Cats A & B IV's

1st round "A" IV beat Windsor & S.A.)
Culham.

"B" IV beat St Edwards.
Kings Rodeater.

2nd round "A" IV beat Tonbridge
- Shiplake B.

Final "A" IV lost to N.C. Pay Lorne (again!).

June 3

Oxford City Regatta

1st IV rowing as cadets
had no difficulty in a
field of fourteen

v. Neptune was easily

v. Thimble Creek " 4l.

v. Whitings " 3l.

v. Long A. (FINAL) WON 4l.

2nd IV rowing as Novice IV's
in a field of 23 (including
the Cat IV who won
a good race again
St Edwards but

Good weekend for the local rowing clubs

By John Allen

THIS has been a noteworthy rowing weekend from the national as well as the local viewpoint.

Ken Dwan, the current youth sculling champion, is still undefeated after two more regattas, and his conquests at Walton on Saturday included Murray Watkinson, the NZ Olympic finalist, and on Sunday at the Metropolitan Regatta, he beat Hugh Wardell-Yerburgh by a length.

All will be preparing for the next confrontation which takes place at Reading Regatta. Dwan, an 18-year-old apprentice lighterman, is reputedly not entering for Henley this year, and in any case, is not eligible to compete for Doggetts until 1971.

Sandhurst and Molesey have confirmed their top form with their latest wins, and Sandhurst should have their first win in a Thames Cup heat at Reading on Saturday morning.

The Reading University third eight pulled off a well deserved victory in the services at Oxford Royal Regatta with wins over Wadham College, Bedford Modern School,

Kingston RC, Bryanstown and Cheltenham.

A novice four from the University had a similar run through their event until they came to the final when Shiplake beat them.

Shiplake College had another win in cadet fours. Their races showed this particular crew to be of commendable strength, and well worth a trial for international representation in this class.

Reading RC won their first event this season — and their first senior event for many seasons — by beating Abingdon by three lengths in senior coxless pairs.

succeeded to Neptune), put on a masterful display.

Taking a rapid lead in every race they led there own round the University Boat House bend and romped home to victory with no doubt as to the decision and time.

v. Bradford won 1 $\frac{1}{4}$ l.

v. St Neots won easily

v. Culham won 2 $\frac{1}{2}$ l.

v. Reading University WON 2 l. FINAL

They had really worked for this during the week and are to be congratulated for achieving their purpose.

June 17th

Charles Regatta

1st IV

v. Royal Grammar School High Wycombe won.

v. Eastbourne lost by 3 ft.

Eastbourne lost to Wellington by $\frac{1}{4}$ length with Emma.

June 24th

National Schools Regatta

1st & 2nd IVs

The 1st IV came third to Wellington behind in the final beating Tonbridge into fourth place. The 1st crew got their revenge over Eastbourne in the semi final but the 2nd IV were displaced at the same time.

Cnt VIII were rather outpaced by Chatterham and Thaxton Cntr.

June 24th

Pangbourne & Whitechurch Regatta held for the first time on the National School course

1st IV 2nd to Wellington in 1st Rd.

2nd to T.C.S. in 2nd Round

3rd to Wellington & T.C.S. in FINAL
($1\frac{1}{3}l$ and $3\frac{1}{4}l$).

This was our closest except for Marlborough Regatta but we none the less succumbed to Wellington for the fourth time.

2nd IV 2nd to Glad. Warrick in 1st Rd.

3rd to Marlborough (the winners of FINAL)
& Eastbourne in 2nd round.

Cnt IX's (A & B)

Bth made their way to Semi Final having been 1st & 2nd in the same 1st heat.

A crew reached the final to come 3rd to W.C.P. and Hampton G.S. beating Windsor Grammar School to 4th place.

June 28

Clt A & B versus R. & S High Wycombe at Radon.
won both by c. 1 length.

June?

Clt VIII } v. Blue Coat Sch. Sowing
June - Clt IX }
won both easily.

July 5th

Clt IX's Aldworth Plate

After some excellent racing a setback Clt IX reached the final. Had the course been 50 yds longer or 50 shorter he must have won but a shipwreck at the crucial moment left us in third place without the time to catch up again. This was a real tragedy as they had this competition within their grasp. This was one of those things one has to learn to live with — a bit of backwash catching only one crew — but to be the best one has to win despite these setbacks. 1st - final - Sutton A 2nd Windsor f.s. (whom we had already beaten). 3rd Shipley (Also present JTRAC. RBCS. Carmel).

A year in which we won all but one of our private races, did well in H.O.R. races, and reached many finals & semi-finals but had only 1 penant and 2 cups at the end.

This was anticipated as a great deal of effort was spent in "spreading the story" to a wider section of the club. There is no doubt that the successes of the J/CRU IV and CRU B IV will stand us in good stead in the next 2 or three years. It is not long ago that we had only 2 competition crews — This year there were 5 all of whom made a good account of themselves.

House Rowing

No league or sculling competitions were arranged this term unfortunately. I hope the latter in particular will be introduced again next year.

House Rowing Competition

The same system was used as last year and it certainly seems to be working well and producing greater interest.

At present, we have several projects to which we need support can be directed, such as an extension to our Landing Stage and Boat House, which will then enable us to buy Fights.

Our biggest problem at the moment, however, is to improve the standard of Rowing yet further, which we feel can be achieved by the purchase of two Racing Sculling Boats. With this in mind, we are organizing a CHRISTMAS DRAW. Will you help us to make this a huge success, either by giving a Prize, or by sending money with which to buy Prizes? I know you will also help later by selling tickets.

Yours sincerely,

R. G. Keble.

(Captain of Boats)

W. J. Duncan.

(Rowing Master)

No part in the House Rowing

No boy may take part in the House Rowing competition unless he has had at least one full term's rowing (which may include this term but does not have to).

House Rowing Competition July 17-19

Michaelmas Term 1967.

During Tuesday afternoons some tubbing and sculling was done. Its main purpose was to get boys used to the two new ~~sc~~ racing sculls, especially the more senior members, as they would be the ones that would benefit the most from them, in the following term. The main sport for this term, of course, was rugby football. On Wednesdays the rugby teams practised weight training in the gym and for this purpose four weight bars (and weights to go with them) were purchased. The Rowing Club paid half of the ~~per~~ cost, on condition that they would be able to use the weights, and equipment, during the Lent Term. Another gym bench was also purchased. Through this transaction, the Rowing Club has ~~undoubtedly~~ ~~benefited~~ undoubtedly benefited!

Meanwhile members of the school had been busily selling raffle tickets for the Christmas Draw that was held at the end of the term. Although at first this Draw was expected to be less beneficial than originally thought to be, it turned out to be a large success to which the proceedings totalled approximately £500. This paid for - a brand new restricted four and two

new racing results, which incidentally, Mr Duncan had ordered before the Draw. These three boats were to arrive the following term.

SENIORS TRAINING PROGRAMME.

$$B \cap C = \{2, 3, 4, 5, 7\}$$

$$A \cap C = \{2, 3, 4, 5, 7\}$$

$$B \cup C = \{4, 5\}$$

$$U(A \cap C) = \{4, 5\}$$

$$= \{1, 8, 9\}$$

$$= \{1, 8, 9\}$$

$$= \{1, 2, 3, 6, 7, 8, 9\}$$

$$= \{1, 2, 3, 6, 7, 8, 9\}$$

Lent Term 1968

Everybody returned after a very voluptuous Christmas to find a very swollen river indeed. Consequently there was no rowing, but the school crews made off to a good start ~~but~~ by making use of the weights, while other members of the club ran.

After two weeks of the term triumph was stirred as the boat club welcomed the arrival of "S.M.", the brand new restricted four, and the two racing sculls. The name was derived from the famous Ship Lake coach, Mr E. M. Hall. Everyone thought the name to be very appropriate, though a few cricketers imagined that a boat ought to have a female name.

After this, training was able to begin in earnest. The time table for the first 4 fours was as follows:-

Also this term we welcomed a number of novices who were coached by Mr. Drury. They seemed to have made a good start in the new racing skulls.

The Rowing Club was divided up thus:-

Outings and training programmes will be arranged for:

Seniors	by M.D.D.
Colts	by G.W.W.
J/Colts	by J.C.P.
Novices	by D.H.D.

M.D.D.
5.2.68

The Senior crews were further sub-divided into the four crews, namely: Ulster ("A crew") Munster ("B crew"), Leinster ("C crew") and Connaught ("D crew").

Our first competitive rowing of the year was done at Kingston, London. The two first crews went and left at 9.00 am. 9th March '68 Saturday. We took "SAM" & "Viking I". Both boats are "cuttable in halves" (Viking I had been made so in the winter holiday), and the 4 halves were taken in the Lorry (3 tonner); by slinging the 2 halves of "SAM" and one half of "Viking I" from the roof. The other was placed on two scaffolding poles that had been lashed across the seats.

We had been given permission to use the "Dillon Sculls and Punting" Boat House for the launching of our boats and the changing area. We assembled our boats, changed and had a beneficial sitting in the morning, ~~paddling~~ paddling over half the course. We then returned to a lunch of rolls and ham.

The race was due to begin at 3.30 pm so we went on the water at 3.00 pm and rowed down to our order position.

Just before rounding the stake boat and coming up to start, Newton, rowing in No. 2 position broke part of his blade on an underwater ~~shaded~~ ~~stake~~ obstacle. This was a bad start to a poor race. There was nothing to be do so we rowed with $\frac{2}{3}$ of a blade.

We had a good start but began to lag in the middle. After a little anonymous cheering from Kingston bridge we build up the finish quite well. Unfortunately in our division we only came 7th out of 10 competitors and beat the B crew by 1 second. ~~They~~ They came 8th.

Even so it was a very enjoyable day.

The following Wednesday 13th, we rowed in Reading school's head of the river race. We had borrowed an VIII from Reading University and had been practising in it for one or two outings previously. Here the Colts had also been entered, in the school's own VIII.

It was a very windy day and there was some complication at the start as the Harshler wanted all 13 competitors facing the right way before moving. Eventually we got going and had a splashy row to the finish where we gained most of our valuable time. We in fact came 3rd while the colts did very well by coming 7th.

Reading School's Head of the River Race.

11. Mag. Coll. Sch. Colts	11.19
12. Sutton Colts B	11.35
13. Bluecoats Sch. Colts	11.38

About 2½ miles

Next on the agenda was the Reading University Head of the River Race, which was on Saturday 16th. This was a longer course of about 3½ miles and started at the Roebuck Hotel and finished at the same place as before, the lampost just below and opposite Reading University Boat-house.

The race was due to start at 3:00 pm and we were in our position in plenty of time, in fact $\frac{3}{4}$ of an hour before we were eventually told to turn.

The weather was rough (so was the race) but we achieved the purpose of having an

On Wednesday 20th March 1968 three Shiplake fours and one eight entered for the Putney Head of the River Race. "SAM" and "Viking I" were taken in the 3 tonner along with ~~two~~ bicycles, tressals, riggers and oars. The VIII and Viking II were taken by hired lorry.

We all set off in a coach at 8.00 in the morning. After changing, setting up the boats, we were on the water and making our way up the start, which was just above Hammersmith bridge. Another long wait, and we were off!

The course was short, and so was the vocabulary of the cox as we took the crew ahead of us. Every one rowed hard and the finish was good. It was not until we had stowed away the boats, got changed and had lunch that we found that the B crew had beaten the A crew by one second.

SUMMER TERM 1968.

Every one returned and expected a vast change round amongst the 1st and 2nd crews. We started off on a training programme which consisted of ~~even~~ circuits and rowing. At the end of the first week Mr Duncan swapped the strokes of the first two crews. He then changed the 1st crews no. 3 and bow by letting them swap with one another. He then tried changing the bows of the two crews but didn't like it, and changed them back. After a great deal of consideration he changed the two strokes to their original positions again.

Meanwhile no 2 of the second crew had been taken ill by "chicken-pox" and had been replaced by Matthews who had come up from the colts B crew.

Training continued. The circuits worked as follows. There were a number of exercises which were done one after another. First of all we were timed at how long it took us to do a minutes worth each. e.g. In a minute a person may do 28 press-up. After a number of different exercises, each timed for a minute, the number of repetitions were halved i.e. The person who could do 28 press-ups in a minute would find himself doing 14, in the circuits used for training.

The circuits consisted of:-

Star. Jumps; Press-ups; knees Touch; Bumper; Step-ups; Chin-ups
Elbows to knees; Pull-ups

For example one person would do a number of each, three times round, in a short a time as possible.

E.G. a good number of each exercises were

S.J.	P.U.	K.T.	B.	S.U.	C.U.	Chin.	Pull.U.
20	17	15	13	19	11	13	14

All these 3 times ~~round~~ round would take about 14 minutes.

We had our first race against Berkhamsted on Saturday 4th May. Of course it was raining and the order of rowing was Junior colts, Colts, 2nd crew and then the 1st crew.

The first race was very exciting and the crews evenly matched. Unfortunately a member of the Shiplake crew came off his slide and the race was lost by about 3 feet.

The Colts won easily by 5 lengths with a good stride. The 2nd crew had an equally good race and again won by 1½ lengths.

The 1st crew started off level with their opponents and over the course ~~that~~ crept up to win by a length.

THE RESULTS OF THE ROWING MATCH AGAINST BERKHAMSTED.

The following two weeks we concentrated on training hard with circuits and introduced a new method in to four called repetitions. These would take the form of paddling hard at around 30-33 ratings, for a distance of approximately 500 yards. To begin with we did 8 of these repetitions.

The training programme would be as follows and would be renewed each week with slight alterations e.g. on Monday the A crew may row at 5.20 pm instead of 4.20 pm.

On Saturday 18th May both the A & B crew went to row at Thames Ditton Regatta. From beginning to very nearly the end it rained. The river bank was ankle deep in mud and everything and body was soaked. At 3.10 pm the A crew were to row Reading Blue Coats but shortly after we arrived P. Kingstone was asked by their captain whether or not he thought it was worth racing. P. Kingstone agreed that it wasn't so that meant that we went straight into the Semi-Finals. At 3.15 pm the B crew rowed S^t Georges Weybridge. It was a close race but unfortunately the result was that S^t. Georges won by 2 lengths. This meant S^t. Georges were in the Semi-Finals as well.

The A crew were due to row at 5.20 pm against S^t. Georges. Owing to the fact it was raining still at 3.20 pm after the B crew had rowed, the A crew went back to the school van in which we had come to keep out of the rain and mud. By 5.00 the rain was down to a slight drizzle so we left the van crossed the ferry, an old barge worked by passengers pulling on the rope which guided it, onto Cigarette Island from where the boats were kept and the changing tents set up.

We made our way down to the start and prepared ourselves for the row which was about 6 furlongs ($\frac{3}{4}$ mile). We had a good beginning and

an extremely good row. At half way point we were just half a length down and, again, unfortunately (my favourite word!) did not gain the lead.

It was very close indeed and we were only beaten by half a length. St. Georges were very tired indeed, in fact so tired after being practically by two Ship Lake crews, that Hampton Court Grammar School beat them by at least 5 lengths in the finals at 6.20 pm. After this race we cranked up, after disassembling the boats and loading them onto their transport home, and returned empty handed, doubly determined to gain the cup the week following at Wallingford.

Wallingford Regatta was on the following Saturday 25th. Again, of course, it was raining and to make matters worse the 1st crew had their race at 9.56 am. The 1st crew left the school at 8.30 am. The event was "Novice Fours, Div A." We were rowing against Windsor G.S. B crew. Apparently the B crew was really the A crew and it was the B crew that did so well at Putney. It was hard luck that Windsor had the breeze in their favour, and were able to pull up in the last part of the ~~race~~ course and win by $\frac{1}{2}$ a length.

This was very unfortunate as Windsor then beat Reading School by $2\frac{1}{2}$ lengths after winning ~~their~~ their race with Wallingford School by $2\frac{1}{2}$ lengths. In the Finals, Neptune R.C. won easily against Windsor.

The B crew arrived for their race v. R.N. Eng. Coll. B.C. I'm pleased to say that they won this by a long chalk which left them in high spirits for their next race v. Reading University B.C. This was the ~~4th~~ $\frac{3}{4}$ Final and was rowed at ~~3.42 pm~~ 3.48 pm. It was a good race with Shiplake winning by 2 lengths.

They were now in the Semi Final and rowing Bedford R.C. at 6.12 pm. The crew kept together well but by this time they were possibly a little tired and lost with no great disgrace by 2 lengths.

Both Colts A & B were entered in the "Schoolboy Fours". The A crew were rowing after the B crew who happened to be rowing before the A crew, at 11.20. The B crew were rowing Nautical Coll. Pangborn and unfortunately lost by 2 lengths. Great hopes were fixed on the Colts A, rowing at 11.29 v. Kings School, Worcester B.C. The rowing altogether was very untidy and the Colts lost by $1\frac{1}{4}$. This was probably due to "regatta panic" than anything else.

All our hopes now were bent on to John Pyper who was rowing in the Novice sculls D in B. He was rowing at 4.26 pm ~~the~~ due to the fact that his race at 8.05 pm was cancelled, because his ~~oppon~~ opponent could not race. The race on his behalf was a very leisurely one and through this reason, he lost.

Meanwhile it had been raining all or practically all the time so on the

whole the day was not a very pleasant one. But never - the - less everyone enjoyed themselves by watching some of the better finals.

The week after Wallingford training went for the 1st three crews as usual, with circuits and 550 yard courses. These course worked so that there would be race of 550 yards and then slugging for another 550 yards and then another race, after which we turned round and did the same two going down stream. After 6 of these one began to feel rather tired, but it was certainly good training.

Meanwhile Mr. Drury had his squad training hard in the new sculls. Though at first this seemed rather stupid, as most people thought that the juniors would break them up, they ~~se~~ tended to do well and no one complained.

The next regatta Shiplake were entered for was Reading Amateur Regatta, which was held on 1st June. It was a glorious day, and in fact the best regatta day there had been for the whole season. Large numbers of people turned up to see the racing. We entered five crews; a fair number for Shiplake. J Pyper was going to scull in the novice sculls, but owing to the disastrous results in the previous regatta he thought he had scratch from the race (needed a bath!).

The 1st A + B crews left at 9.00 am for these races which were at 10.40 and 10.10 respectively. The 3rd crew was to row later at 12.30 so therefore had to attend the first two lessons and were collected at 10.30. The C & D A came at 9.00 with the first crews while the B crew were picked up by Mr Duncan, after lunch for rowing at 3.00 pm.

The crews were as follows:-

1st A.

Bow. P. Kingstone.

C. Newton

J. Barerstock.

Str. A. Spence.

Cox. M. Mac. Charrington

1st B.

Bow. S. Chick.

J. T. Lashmar.

C. H. Smart.

Str. G. Bell.

Cox R. Lester.

3rd Crew. [1st C.]

Bow. G. Haycock.
R. Green.
A. Dickson.
Str. M. Tomlinson.
Cox. P. Salisbury.

Colts A.

Bow. Rowan.
Docker
Pringle.
Str. Newton. R.
Cox Robertson.

Colts B.

Bow. Gillingell.
Wells.
Stevenson.
Str. Mathews.
Cox Legg.

The first race was at 10.05 with the 1st B crew against City University. They wondered what the result would be as Shiplake had not come up against them before but the result was a 4 length win for the B crew.

At 10.15 the Colts A crew were on the stake boats for a very exciting race between Sutton school (Reading) and Kingston Grammar school. The Colts were rowing in "SAM" and at about the $\frac{3}{4}$ mark they ran into swan trouble. In fact this swan seemed to spend its time that day becoming entangled in blades. So shiplake

from half a length down made a final gallant effort and won by a canvas. This was a very close thing, but certainly made moral rise.

10.40 was the time for the 1st crew to race Sir. Wm. Borlase's School in the Novice Fours B event. This was an easy race with an easy win in the time of 4.13 mins.

At 12.30 the 3rd crew raced against St. George's College. This was one of the closest races of the day. At about 50 yards from the finishing post a crab was caught in the Ship Lake Four which probably caused them to lose by the canvas that they did.

The next Ship Lake event was at 3.00 pm. with the Colts B rowing Berkhamsted and Eastbourne. That day seemed to be full of close races as Ship Lake again came up to win by a canvas.

We now had four crews still in the running. The afternoon was spent in a leisurely fashion, sitting in the shade ~~not~~ watching the races. For ~~us~~ us, things began to move at 5.25 when the colts A had their next race. This time it was against South Hackney school where the colts won by 4 lengths thus putting

themselves in the final.

Ten minutes later at 5.35 the colts B had a hard race against Abingdon but unfortunately lost by 3 lengths.

6.00 produced bad results for the 1st crew who rowed Abingdon. Abingdon pulled away at the start and maintained a lead of about $1\frac{1}{2}$ lengths and went on ~~to~~ to win by $1\frac{1}{4}$ lengths in the time 4.07 mins. That was the Semi Finals. Abingdon went to win the finals by a length against R.M.A and Guildford in 4.01.

The 1st B crew rowed well in their Semi Finals and won by 4 lengths over Sir Wm. Borlase.

In the Colts Fours ~~the~~ Finals at 7.00 the Shiplake crew came in 3rd having been beaten by Abingdon and St. Georges, who won by $1\frac{1}{2}$ lengths.

At 7.30 everyone waited in a tense atmosphere as the time drew ~~on~~ for the Finals of the Novice Fours A event. Myself and Peter Kingstone were on the umpires launch and had a very good view. Everyone had a good start and all through the race everyone was level. Eastbourne nearly won and would have if their cox could steer as well as Lester did. Consequently we won by 2 feet. Very close indeed. The Cup was very large but

Abingdon wanted to have it for a dinner they were having in a couple of nights time so as they won the toss they took it home. Very annoying. They said that we could have it on the next Saturday, for the 6 months. This means we could have it for founders day. It was gigantic.

The following Thursday was the beginning of the school half term. The 1st two crews had ~~not interested~~ ~~to~~ wanted to race at Oxford City regatta. The half term began on Thursday at 8.0 am so the two crews stayed for an outing. In the last week we had been doing 6 x 500' sprint races. We did six of these and left for home at 12.00 am, those who lived too far away stayed with those who lived closer at hand. We were due back at 6.00 pm on the following day (Friday).

We, that is all who were coming back, arrived at 6.00 pm, or thereabouts, in time for supper. After supper there was a short outing.

The following morning everyone was set for an early start. After loading the boats we left for OXFORD ROYAL REGATTA. That was Saturday 8th June. The weather was overcast with just a little wind, in fact very good rowing weather. We had plenty of time to unload and rig the boats as our first race was to be at 1.09 pm. The B crew were rowing against Oundle School "A" crew. I did not see the actual race as the A crew had to be on the water so as to be in plenty of time

to be at the start for their race at 1.39 pm. The B crew won easily in a time of 4.01. The A crew were now to row Imperial College. As time drew near for the race there was still no sign of Imperial. Consequently we had a row over which is probably more terrifying than actually rowing, as there is so much waiting around.

The next race the B crew had was against Berkhamsted School, whom they had already beaten previously in the term. This was at 3.00 pm and they won by 2 lengths. At 3.45 Shiplocke's crew were rowing Culham College.

It is a great advantage to have the inside of the bend on the Oxford course and ~~that's why~~ for our next race we had. Against Culham it was a neck and neck race to the corner, but after that we pulled away to win by about $2\frac{1}{2}$ lengths. At the end of the day I talked to Mr Harris, the yard that built "SAM". He told me that towards the finals nearly 70% of crews win on the inside lane and that the crew on the outside can be going faster than the one on the inside, but still loose!

The next race for the B crew would be

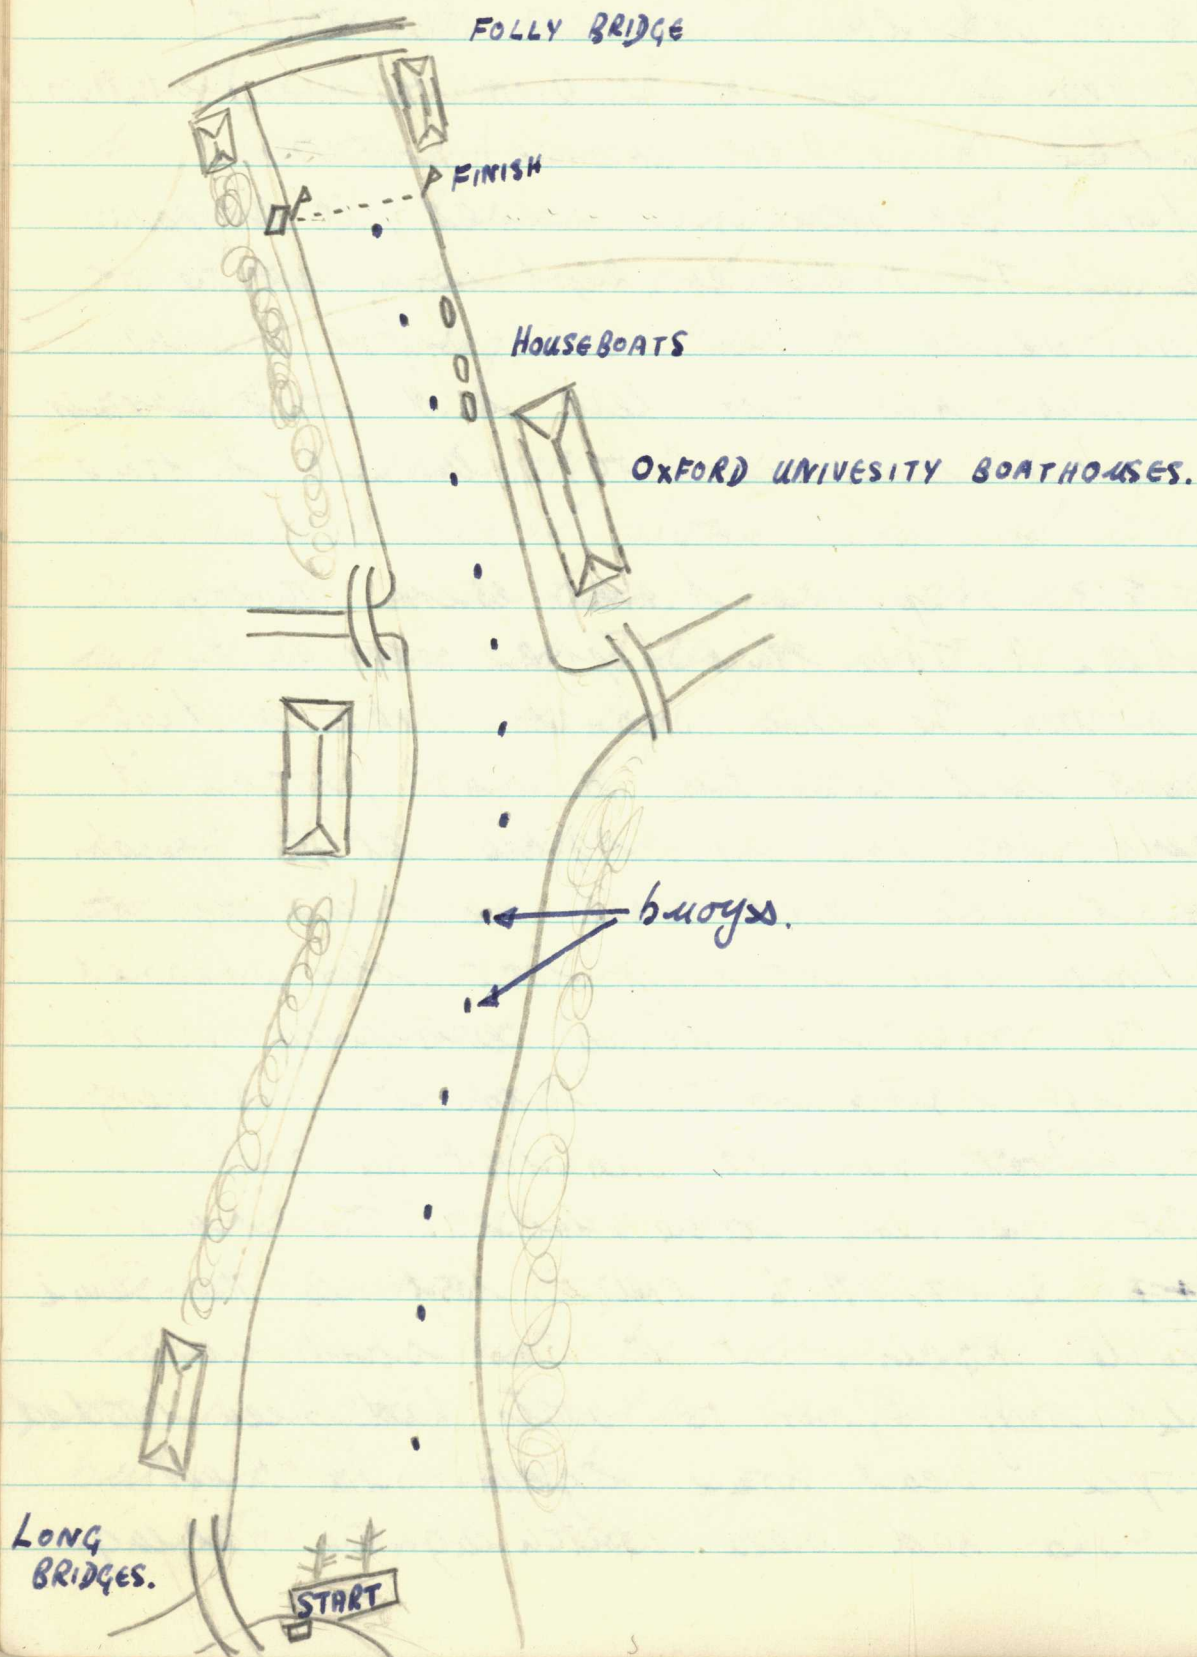

a hard one. It was against Thames Tradesmen. At 5.12 both crews were on the start.

Thames Tradesmen were on the Oxon (outside) station and Shiptake on the Berks (inside) station.

The starters flag ~~was~~ was raised, it dropped, they were off. The Tradesmen kept level at the start but began to pull away before the bend. Here they maintained their lead and took further distance after the corner to win with a time of 3.50.

At 5.33 pm Shiptake A crew were rowing Lincoln College A. This time Shiptake were on the outside station. The idea was to make a dash for the bend and lead by a length, loose it on the bend and pull up again at the finish. This didn't quite work and we came up to the bend level. We certainly lost our planned length on the corner and tried extremely hard to catch up again. At the finish it was very close. The final verdict was lost by $\frac{1}{3}$ of a length. It was very close indeed. The time was ~~3.47~~ 3.47. Both crews lost in the Semi ~~Semi~~ Finals again, but it was still an enjoyable day. After the boats had been loaded most people went home again with their parents who had been watching the racing.

THE COURSE.

For the next two weeks our training programme was uninterrupted by regattas. In the first week we concentrated mainly on long outings trying to ~~develop~~ ~~develop~~ develop technique. These would take the form of long pieces of paddling with one hand and no feathering etc.

In the second week we did short courses of approximately 300'. After doing 8 of these we either felt fit or dead. This was in aid of quicker rating. By this way a higher rating was developed for racing.

Rangbourne National Schools Regatta was on Sat^h 22nd June. This is one of the larger local regattas and this year it was dominated by Radley and Eton who both had in the region of 12 crews each rowing. The weather wasn't much help either with a constant heavy ~~drizzle~~ drizzle coming harder at times.

In the first round at 12.20 Shiplake A were racing Hutcherson's, Tonbridge and Windsor. The winner was Windsor in 4.20 followed by Hutcherson's, Tonbridge, Shiplake. It was a very close race for 3rd place but Tonbridge

made it by 1 ft!

Five minutes later at 12.25 Shiplake B raced Eastbourne, Wellington and Millfield. Shiplake coming 3rd in the order, just given. That time was 4.16.

Both crews had another race due to the Repechage System. So at 3.20 Hutcherson's raced with Shiplake A and Shiplake B. The Result was in the order given with $\frac{1}{2}$ a length difference between all crews. This meant that both the A & B crews were out but it did show that the A crew was just that little bit faster!

On the Friday before the colts raced an ~~ix~~ against Bedford and Radley B. The following day they were in the Repechage though coming 3rd, but unfortunately came 4th in their last race.

The day on the whole was pretty terrible, with a very high wind and rather a close atmosphere

The following week we prepared for our last regatta. It was Pangbourne and Whitechurch held at the Child-Beale Trust Estate as was Pangbourne National Schools. The crews that went from Shiplake were: Shiplake "A & B", Colts A, B & C. The 3rd crew were to race but owing to ~~the~~ number 2 in that crew damaging his ~~own~~ ~~finger~~ finger, they were unable to do so.

The first Shiplake race was at 10.25 with the A crew racing High.W. BC. B crew, R.M.A. Sandhurst and Southampton Coalporters. We came first with High W second and S'ton Coalps third as R.M.A. dropped out owing to a broken slide.

At 12.45 the Colts A & C raced Nautical C. Pang. and Windsor Gram. S. Nautical College came first, closely followed by Shiplake A then Shiplake C, followed by Windsor. In the next race at 12.55 Shiplake Colts B came 2nd beaten ~~in~~ ~~timed~~. Followers up were Abingdon and Sir William. B.S.

3.00 pm was a winning time for Shiplake A as they came 1st followed by Harrington, Cygnet and S'Coalps. This put us in the finals at 5.25.

At 2.30 Shiplake Colts C beat Sir William B.S. and Twickenham R.C. Shiplake "B" came 3rd and beat Abingdon. Nautical College came first and beat Kingston Gram. S. This was Sat 4.10. At 4.15 South Hackney were beaten by Shiplake C who were in turn beaten by Shiplake A again. Emmanuel won once more. In the Colts finals at 6.35 Emmanuel won beating Nautical College, Kingston and Shiplake, in that order.

In the finals 5.25 it was a very close race indeed. Hannington beat us, Shiplake A. Reading University who in turn beat High Wycombe.

The 1st B crew managed to go straight to the final at 6.45. In fact there were only three crews racing St Edward's B and A both failed to turn up and so were scratched. In this race Windsor beat Shiplake and Wellington who came 2nd equal.

So in fact the last regatta wasn't too bad. In fact it was most enjoyable. The weather, was for once, just right and everyone thought that the beer tent was worth while!

HOUSE ROWING.

This year the house rowing was much better organised than ever before.

There was a much higher standard so all the rowing benefited.

In the first round skipwit and Everett won ~~most~~ all their events except with Welsh winning two events with the senior II & sculler.

Telephone:
WARGRAVE 516/678

SHIPLAKE COLLEGE
HENLEY-ON-THAMES

HOUSE ROWING COMPETITION SUMMER 1968

The courses this year will be as follows:

Senior IV	4 $\frac{1}{2}$	furlongs	(Lock gates to Landing Stage.)
Senior Pr	3	"	(Poplar Tree to " ")
Senior Sc	3	"	(" " " " ")
Junior IV	3	"	(" " " " ")
Junior Pr	2	"	(Big Tree to " ")
Junior Sc	2	"	(" " " " ")

The sculling courses have been increased in length since the shell boats are being used. The senior IV course has been increased to make the longest straight course below the islands.

M.D.D.

Spence

AGES FOR THE HOUSE ROWING COMPETITION JULY 8th 1968.

In the last few years we have found that the following age has most successfully divided the Boat Club into 2 approximately equal parts and we have therefore employed it for the inter-House rowing competitions:

SENIOR 15 or over on 1st Sept. of the previous year.

JUNIOR Under 15 on the 1st Sept of the previous year.

Thus in 1968 any boy born on or before 1st Sept 1952 is a Senior;
The remainder are Juniors.

Not including coxes

Events and Challenge Cups

Holder, 1967	Winners, 1968
*NELSON BOWL (Senior Eights) Nottingham Junior R.C.	
*PENNY CUP (Senior Fours) Kingston R.C.	
SENIOR COXED FOURS London R.C.	
SENIOR-JUNIOR EIGHTS Keble College B.C.	
*BROKEN VASE CHALLENGE CUP (Junior-Senior Eights) Poplar, Blackwall and District R.C.	
*EVELYN CUP (Junior-Senior Fours) Eton Vikings R.C.	
LONDON ROWING CLUB CHALLENGE CUP (Junior Eights) St. Edward's School B.C.	
SAWTELL CHALLENGE CUP (Junior Eights-Restricted) St. Paul's School B.C.	
GEORGE BOOKER CUP (Novice Eights Restricted) Kingston Grammar School B.C.	
VICTORIAN CHALLENGE CUP (Junior Fours-Restricted) Thames Tradesmen R.C.	
PERCY ENGLAND CHALLENGE BOWL (Cadet Fours) Chiswick R.C.	
WARNER CUP (Junior Sculls) L. Bailey (Quintin B.C.)	

It is essential that all Cups and Plinths should be returned in good serviceable condition, with cases intact, to Messrs. Turner and Sons, Jewellers, 31 Victoria Road, Surbiton, Surrey, not later than one month prior to the next Regatta, of which due notice will be given.

*The Committee is indebted to the Kingston Borough Regatta who were good enough to donate these Trophies.

The thanks of the Committee are due to the following:

ESHER U.D.C. FOR USE OF CIGARETTE ISLAND

THE THAMES CONSERVANCY FOR THEIR ASSISTANCE

Tiffin School and Kingston Grammar School for ferrying,
communications and other duties.

The Thames Ditton Marina.

"The Esher News," "The Courier," "The Surrey Comet."

Teas will be served on Cigarette Island overlooking the course,
where there will also be a Licensed Bar.

MEMBERSHIP

The committee would welcome your support by becoming a member of Thames Ditton Regatta. There is no entry fee and an annual subscription of £1.1.0 entitles a member to receive, in addition to his membership badge, three guest badges.

Please apply at the Secretary's Tent.

REGULATIONS AND NOTICES

This Regatta is held under the A.R.A. "Rules for Regattas" and "Laws of Boat Racing".

Dressing and Boat Accommodation is provided on land adjoining Cigarette Island.

Competitors are requested to report to the Stewards on arrival and be READY TO GO AFLOAT 15 minutes before time of race stated herein.

Races will be started without reference to absentees.

Buoys mark the limits of the course and boats passing outside the buoys may be disqualified.

Crews going down to the start must keep to the Middlesex shore, having at all times due regard for other river users.

The Committee reserves the right to make such alteration to the programme as they deem desirable.

Winners of each event will receive their prizes at the Launch Raft at the Enclosure before returning to the Boat Tents. Crews concerned will move from the Finish downstream under the Middlesex bank to a point opposite the beginning of the Enclosure where they will stop. When directed they will turn, cross the course and pull in to the Launch Raft, facing up-stream. Challenge Cups will be handed to Club representatives on the Enclosure at the same time.

SHIPLAKE COLLEGE

HOUSE ROWING COMPETITION

SUMMER 1968

0 This station

THE CREWS

	Burr	Everett	Skipwith	Welsh

Torridge School

Went.

15 Apr.

Dear Derek,

I have no idea when I shall be able to post this as the Post Office is in the midst of a raging torrent. Fortunately the school is on a slight rise on the north side but some rugged fields are under several feet of water. The boat-house is quite inaccessible. The road ~~to~~ it being under 3 feet of fast flowing water, one couldn't even contemplate walking through it - it's much too powerful. Half our dayboys won't get here tomorrow I should think.

Best Wishes to all

Mike Duncan
